Ottawa, October 13, 1943.

Mr. D. H. Cameron, Indian Agent, Onion Lake, Sask.

I desire to acknowledge receipt of your letter of October 5, in which you intimate that Mary Badger, pupil No. 0298, enrolled at the Onion Lake R.C. Indian Residential School, is anxious to be transferred to the Blue Quills Indian Residential School, St. Paul, Alberta. It is noted that the St. Paul School is near to the home of this pupil.

In view of this fact, the Department is prepared to authorize the transfer of this pupil and you may notify the principals of the above-mentioned schools to this effect.

Letter at 2 pm.

The Secretary,

Attention: Mr. P. Phelan.

Dear Mr. Phelan,

I am in receipt of a letter from Reverend Father Latour, principal of the Blue Quill School, in which he states that he would like the Department to authorize the admission of Tobie Badger, Ida John, and Marie-Josephine Gladu of the Keeheewin Reserve.

These children attend at times the Long Lake day-school, but the parents are not satisfied with the training they are receiving there, and wish them to be transferred to a residential school, because they will be able to follow a course in manual training which will fit them much better for the future than the mere elements of the three "R's" which they are now receiving in the day-school which they are supposed to attend. I wish to add that Father Latour states that the parents of these children applied in person to him to have their children admitted in the Blue Quill School, and that it was on the occasion of their visit to the above school that they expressed their dissatisfaction of the kind of training their children were receiving at the present time.

If you approve the above application, will you be good enough to write to Father Latour to that effect.

Thanking you in anticipation, I remain,

Very sincerely yours,

J. O. Plourde
Supt.

A request has been received for the admission of Tobie Badger, Ida John and Marie-Josephine Gladu to the Blue Quills Residential School. From the information we have received there does not appear to be any reason why these children should not be admitted to a residential school. I should, therefore, appreciate your forwarding the necessary application forms.

October 23rd.1943.

Dear Father Latour,

I am in receipt of your letter of the 18th., instant, enclosing Applications for Admission of pupils to the Blue Quills School.

The applications for George McFeeters, Elsie Janvier and Mary Edna Minoose, of Cold Lake Reserve, have been completed and forwarded to Ottawa; also the request of Sam Badger, Keeheewin Reserve, for the transfer of his daughter Mary from St. Anthony's School to Blue Quills School, was forwarded from this office under date of October 5th.,past.

With reference to the applications for the admission of Tobie Badger, Ida John, Mary and Josephine Gladue, of Keeheewin Reserve, I regret that it is impossible for me to recommend the admission of these children as they are already pupils of the Long Lake Indian Day School and I know of no reason why they should not be in attendance there. In this connection I would appreciate it if you would have these children returned to their parents with as little delay as possible.

With regard to Ella John, I am making further enquiries in this case and will advise you later. Her sister Therese, now sick in Bonnyville Hospital, is enrolled in St. Anthony's School.

Yours truly,

Donald H. Cameron.

OTTAWA.

I wish to acknowledge receipt of your 119-1-10 of the 17th.,instant, with reference to the applications for admission of four children from Keeheewin Reserve to Blue Quills Residential School and to submit herewith(in addition to a copy of my reply to the Rev. Principal, Blue Quills School) the following reasons for withholding my recommendation.

When I visited the Long Lake Indian Day School on September 27th., (Vide my report on this School forwarded through Mr Christianson's Office, at his request on Octr 5th,) I found only nine children on the roll and six present. The teacher intimated that an influence was at work on the reserve to have the school closed, but I could obtain nothing definite on this point. However, I have since been informed reliably that the resident priest had told the farm instructor and the Indians many times that the school would be closed this fall, and I am also informed that unusual pressure was used to get the Indians to send their children to Blue Quills, with the result that only about seven were attending the Day School in October. I am of the opinion that to admit the children referred to would definitely ruin the Day School and their admission should not be contemplated as long as the Day School is in operation.

I visited the Long Lake School on November 23rd., and found that the children in question had been returned to the reserve from Blue Quills School and there were 14 on the roll and 10 in attendance on the morning I was there. I might add that Father Routhier, Provincial Father of Alberta, called on me on November 10th., when I explained the whole matter to him I believe, to his satisfaction.

Attention Philip Phelan Esq., Chief, Training Division.

Re No. 347- Chas. Houle.

With reference to your letter of the 5th inst. I beg to state that Doctor Decosse has not passed this boy's medical certificate owing to the child's eyes, this boy is proceeding to Edmonton on Feb.10 to see an Eye Specialist. If his eyes are to bad to permit of his attendance to school, his account will be separate to the school charges. Pending this decision of the Eye Specialist is admission will be held up, otherwise the boy is physically fit.

I beg to enclose herewith three applications for admission of Indian Pupils to the Blue Quill's Indian School and would comment as follows,-

John Delver- In order.

Florence Lameman. The father of this child requested that the child be put in school. He is now married the second time and his wife has left him and the home conditions for this child are not desirable.

Mathew Houle. You will note Doctor Armstrong's report re this boy's eyes. Father Latour has had this boy in school and the boy appears to like school and his doing his best. School will no doubt help the child considerably.

I would recommend the admission of the three children.

Dear Sir,

As I have been instructed by the Indian Agent of Saddle Lake to ask for the discharges of pupils from Cold Lake Reserve through your office, I would therefore ask for the official discharge of pupil 0301, Lena Noel, who is an active T.B. case.

Permission for her hospitalization had been obtained from the Department, but her father refused to give his consent and consequently she had to be sent back hom at the end of December.

Yours truly,

Dear Sir,

At the opening of the school year, pupil 0229, Emilia Bisson, of Cold Lake Reserve, has returned to this school with the other children. This girl, who should have been discharged last June, is intended to stay at least one more year in school in order to take advantage of the manual training course established by the Department. Her parents have given their consent.

May I ask you to recommend her to the Department and to obtain the permission to keep her in school ? I could further say that this girl has a very good conduct and is very able in manual work.

Thanking you, I remain,

Yours truly,

Blue Quill's School

The Return to school on Sept. 6th of the school children was very poor.

Father Letour had his milk cows inoculated against ? and it turned out very poor and infection setting in on the whole 20, he lost one of his pure bred cows. His herd was T.B. Teasted by Doctor Harold Spence of the Dominion Health of Animals Branch. Doctor Bissonette of St. Paul was the Veterinary that was responsible for the inoculation trouble. I visited the School on Sept. 12. I would have visited again on Sept. 29th but was away from the Agency.

Ottawa, April 10, 1945.

Mr. W.P.B. Pugh, Indian Agent, St. Brides, Alberta.

With reference to the March quarter return of the Blue Quills Residential School, the Department approves the discharge of pupils numbered 359 and 0286.

It is noted that the pupils numbered as follows have not returned to the school for times varying between 9 and 18 months. If there is no prospect of any or all of these children returning in the near future, I feel it would be advisable to apply for their discharge, in order to permit their names being removed from the quarterly return. Subsequently, if any of the pupils return to the school, application can be made for their re-admission, using the same register number as they have at present:

No. 299 - Harry Cardinal - absent for 3 quarters

Ottawa, April 27th, 1946.

Mr. G. A. Mitchell, Clerk in Charge,
St. Brides, Alta.

With reference to your letter of the 16th instant, the Department approves the discharge of pupils #337, and #273, from the Blue Quills Indian Residential School.

You may also inform the Principal that his return for March shows a number of pupils who have not been in residence for at least three quarters, and if these children are not expected to return, the Department should be requested to approve their discharge.

Philip Phelan,
Chief, Training Division.

Onion Lake, Sask.
January 15, 1947.

Indian Affairs Branch - Ottawa.

I enclose herewith Applications for Admission of the following children to the Blue Quills R. C. Indian Residential School, St. Paul, Alberta.

Elie L. Minoose	-	- Chipewyan Band
Marcel Piche,	-	- " "
John N. Janvier	-	- " "
Jimmy Noel	-	- " "
Frank Noel	-	- " "
Irene Dion	-	- Keeheewin Band
Mary Rose John	-	- " "
Eva Skani	-	- Chipewyan "

With reference to the Application for Admission of Frank Noel, age 5, I wish to say that I have signed the application to have this child admitted as a grant earning pupil owing to the fact that his mother is a patient in the T.B. Sanatorium, Edmonton.

Father L. C. Latour, Principal, Blue Quills School, also requests the transfer of Helen Pascal, Pupil No. 0369, Onion Lake R. C. School, to the Blue Quills School, where she has been in residence since last fall. I have discussed the matter with Father Pascal, Principal, Onion Lake R. C. School and he is quite willing to have the girl transferred to Blue Quills. It is my opinion that it is advisable to have this transfer made.

Ottawa, April 30, 1947.

Rev., L.C. Latour, O.M.I., Principal, Blue Quills
Indian Residential School, St. Paul, Alberta.

With reference to the March Quarterly Return of the Blue Quills Indian Residential School, it is noted that pupils No. 324, 0354 were absent during December but ninety days grant was requested in March. Also pupil No. 374 was in residence only seventy-two days. In these three cases the date the pupils returned to school is required.

Pupils Nos. 379, 0307 and 0346 were only in residence part of the Quarter. Please advise of the disposition of these three children and the dates of their absence .

The usual application forms and certificates of health are required for all new pupils shown on Form No. 411 with the exception of No. 0405 whose application has been received and approved.

The Department approves the discharge of the following pupils:

Attention: Mr Philip Phelan;

I think, dear Sir, this will pretty well cover all the questions asked in your letter.

I notice your letter was addressed to Rev.L.C.Latour. My I bring to your kind attention the fact that Rev.L.C.Latour left the Blue Quills School on January 24,1947. I am taking his place for the time being.

It would be very highly appreciated if the checks from now on would be made payable to me, instead of to him. It would save the trouble of remailing the checks to him to have them endorsed.

I remain, dear Sir:

Attention; Mr Philip Phelan

Dear Sir;-

I am in receipt of your letter: 118-1-10 (W.T.7) dated April 30,1947, and in reply I beg to give you the following informations:

Pupils No 324 and 0354, absent during December 1946, returned to Blue Quills School on January 1,1947.

Pupil No 374 spent 18 days in St Paul's Hospital, from January 21, to February 8.

Should not deduct less than 30 days.

Pupil No 379 also spent 18 days in St Paul's Hospital, from February 12 to March 1st. Both pupils were ordered to the hospital by the local doctor, Dr Decosse, for special treatment.

Pupils No 0307 and 0346 have both been ordered after X-Ray examination, to the Charles Camsell's Hospital, Edmonton for T.B. treatment, and they are still there to-day.

With regard to the last paragraph of your letter, I know that application forms and certificates of health are required for all new pupils. I fully intended to have them forwarded long before this. But our winter has been so severe, with roads impassable during February, March and April, that the Doctor has not been able to come to the School to make the regular examination of the pupils. I saw him to-day and he told me that he would be there soon then the applications will be forwarded to the Agent and the Department.

I wish to bring your kind attention to pupil 388. This child has been examined by the Doctor, and the application would have been forwarded long ago, had it not been for the obstination of the father in refusing to sign the application. He has been approached several times, both by the Agent and myself, and his answer is always the same: " I will not sign, until I am sure that the child likes it."

Remarks on No 390.- Archie Jacknife.

This pupil has not yet been admitted because,apparently, he does not belong to the treaty. still I am trying to do my best, to have him admitted as grant earning pupil, under the plea that this poor child, adopted by Indian parents, will never have a chance for education any other way.

Mr. W.K. Taylor, Indian Agent, St. Brides, Alberta.

We are in receipt of the September Quarter Return for the Blue Quill's Indian Residential School.

It is noted that ninety-two days grant has been requested for the under-mentioned children, who have not been in residence according to our records for over three quarters:

No. 346
0322
0325
0345
0373

Considering that these children were not in residence during the June Quarter, they are definitely not allowed ninety-two days grant. However, if they have returned to school they would be allowed grant from the date they returned.

We are withholding this Return until we receive the required dates in order to alleviate further confusion. In the course of the next few days we are forwarding a part payment of $4000.00 to assist the school.

The discharge of the following is approved:

My dear Mr. Phelan,

Enclosed please find the application of Mrs. Bella Cardinal, the foster mother of Archie Jacknife, asking that this child be admitted to the Blue Quills Indian Residential School. The application was refused by your agent, Mr. D. H. Cameron, on the grounds that the child is not a Treaty Indian.

The contention of the Principal of the school is that this child was adopted by Treaty Indians and as such has the same rights as an Indian child born of parents belonging to a Treaty. I, therefore, hope that you will be able to settle this contentious case to the satisfaction of the Principal of the Blue Quills Indian School.

Yours very truly,

J. O. Plourde, O.M.I.

Mr. W.K. Taylor, Superintendent of Indian Agency,
St. Brides, Alberta.

We have your letter of the 16th instant requesting the discharge of Sophie Whiskyjack No. 0330 from the Blue Quill's Indian Residential School.

It is noted that you state the girl is needed at home. I presume that either the Principal or yourself made certain that her services were necessary and if so her discharge is approved.

However, I would point out to both the Principal and yourself that when a child reaches the age of sixteen it is not necessary to automatically discharge him. We have pointed out to the Principals from time to time that even if a child reaches sixteen during the academic term such child should be retained in the school until the end of the academic year namely June 30th.

118-1-30 (E.1)

January 29, 1948.

Dear Father Rolland:-

The Department finds it necessary to return the December quarter return for the Blue Quills Residential School in order that you can supply us with additional information.

May I point out at the outset of this letter that these returns are very carefully checked not only by our own Branch, but subsequently by the Auditor General and if the instructions contained on the outside of the return are not carried out and if the principal does not prepare the return in accordance with the instructions contained on the back of the return and in circular letter of December 29, 1944, a copy of which is enclosed, the additional information has to be received.

For the quarter ended September 30th,1947 grant for 92 days was requested for pupils numbered as follows:

281, 295, 306, 313; 324, 325, 326, 327, 339, 363, 371, 375, 379, 0249, 0325, 0345, 0367, 0391,

In view of the fact that grant was requested for 92 days, the Department presumed that the children had been in residence at least during the month of September, 1947. In the case of all pupils allowed home on holidays at the end of June the school is entitled to grant in the September quarter for the 62 days holiday leave plus the number of days the pupil is actually in residence during the September quarter.

On checking the December quarter return we find that all the pupils shown above are stated to be at home. Are we to infer that these children did not return after the summer holidays or were they all allowed home on September 30th? If the latter is the explanation, please let me know why you found it necessary to allow so many of them to go home.

If the explanation is that they did not return to the school on the expiration of their summer holidays, grants should only have been requested during the September quarter for 62 days for each of them.

In the case of pupils numbered as follows: 384, 2077, 0279, 0298, 0328, 0329, 0331, 0332, 0337, 0340, 0341, 0342, 0343, 0347, 0348, 0350, 0351, 0352, 0353, 0354, 0357, the September quarter return requested grant for them for the full quarter and presumably they were in residence during that quarter. However, in none of these cases are you asking grant for the full December quarter and it is, therefore, presumed that the children have been allowed home in which case you should state the exact date on which they left the school.

In the case of pupil 386, you ask 85 days grant and you place under the remarks column, the following - "At Camsell Hospital Dec. 27". Does this mean that the boy was placed in the hospital on that date? If he was in the school from October 1st and was placed in the hospital on December 27th, you are entitled to ask grant for the full December quarter. What has been said regarding this boy applies also to pupil 401.

In the case of pupil 0364, you request grant for 29 days and state "In hospital from October 13 to November 27". This is a period of 45 days

and as we allow thirty days hospital leave,grant should have been requested for this girl for seventy seven days.

I wish you would review the return in view of the information given in this letter and make any amendments you consider necessary and send back the return as soon as possible. In the meantime, to assist in your financing we have made a part payment of $4,000.00 on your December quarter grant.

The Director, Indian Affairs Branch, Ottawa, Ontario.

I am forwarding this Application for Admission for your information. You will note this girl never attended any school, due mostly to the objection of the mother, who is now sorry.

At the time the girl became pregnant and diseased she was 15, but her career began earlier.

I sincerely believe that lack of schooling and general ignorance is cancelling all government effort for Indian progress in other fields.

Mr. H.N. Woodsworth, Superintendent,
Indian Agency, Hobbema, Alberta.

We have your letter of the 20th instant, file E-1-c, forwarding application for the admission of Justine Marie Oldpan to the Ermineskin Residential School.

In view of the information contained in your letter and on the application form the Department feels that it would be inadvisable to admit this girl as a grant earning pupil to any Indian residential school; consequently her admission to the Ermineskin Residential School is not approved.

If she is now in the school, she should be returned to her home.

February 5,1948

Mr Philip Phelan,Chief,Training Division,
Welfare and Training Service,
Department of Mines and Resources,
Ottawa,Ontario.

Dear Mr Phelan,

The difficulties arising from our September and December Quarterly Returns are due partly to my inexperience,and partly to the special situation in which we were at the beginning of the school term.

The date of re-entrance was set at September the 1st.,and we gathered a few children from Cold Lake, Legoff,Keeheewin and Beaver Lake.When we were ready to go and get the Saddle Lake's children,we were told by Mr.K.W. Taylor,Indian agent that due to an epidemic of measles, we would have the children only at a later date:at first it was on Sept.15th.but at last with the complete approval of Dr Stone,Regional Superintendant Health,Camsell's Hospital,the date was set at October the 18 th.

When we prepared the quarterly Return, ending Sept.30th.,we considered September as continuation of the holidays for the Saddle Lake's children and gave them the number of days in residence accordingly,and under the item:Attendance in class-room,we gave only the number of days to those then present.

For the December Return,after we had all the children,we realized that the children of "your first list"would not very likely return to school:we did not give

them any day in residence and we notified them as being at home, meaning that they were not officially discharged, and not in school.

The children mentioned in the second list are all from Saddle Lake, and the same reasons apply to their case. We considered they were in prolonged holidays in the September Return, and in the December Return, we began to count their residential days on October 18th. without asking the grant for the first 18 days of October, although, considering those eighteen days as extended holidays we should have asked the grant for the period.

The boy No 386 came to School on the 24th. of October, -6 days after the others, and if we consider the holidays ending on October 18th., he would be entitled to the grant for nearly all the Quarter.

Pupil 0364, re-entered School on October 13, in the morning, and we had her ready to go to the Hospital in the evening. In the event of the school officially re-opening on October 18th. she would be entitled to the seventy-seven days you mentioned in your letter.

If that extension of the holidays period had been clearly stated, we would have avoided the major part of our difficulties.

By the way, it is the same reason that applies in answer to the question why the children of our school did not go home for their Christmas holidays. It was thought the School term had been quite short, and besides, sickness had not abated on the Reserve, at Christmas time.

Mr W .R.Taylor,agent,was on a regular visit here to-day and I brought the matter with him.He is of the same opinion that the late official entrance of the Saddle Lake's children does not seem to have been reported to the Department.

I would like to know at the earliest,your decision on this matter and I would be ready to make accordingly a new return for December.

In closing I ask to remain,

ATTENTION, Mr Philip Phelan, Chief, Training Div.

This will advise that I have very recently been contacted by the Rev. Father Rollande of Blue Quills Indian Residential School, with regards to Quarterly returns from his School. There appears to be somewhat of a misunderstanding, and Father Rollande advised me that he was not too familiar with the proceedings, as took place at this Agency during the September and December Quarters for 1947.

I will endeavour to outline the cause of trouble, and without a doubt the cause of errors for the two quarterly returns mentioned above.

Due to a serious epidemic of Measles in this Agency the Blue Quills Residential School was not opened officially, as the majority of the families were under Quarantine. This also effected the opening of the Edmonton Indian Residential School. The epidemic was handled under the supervision of Dr. Decosse, and his findings were reported to Dr. E. L. Stone, Regional Superintendent, Indian Health Services, Edmonton. As a result of the Quarantine the Blue Quills School did not open officially until October 18th, 1947.

As the Rev. Father Rollande was not acquainted with the proceedings he made his September returns out in such a way that the month of September, in the same quarterly returns, would be classed as extended leave. This was also substantiated by by the fact that all preparations, including staff, were prepared for official opening on September 1st, 1947. Despite the fact the school could not be opened, some pupils were brought in to the School for the September Quarter from Beaver Lake and

(Lake and) Whitefish Lake Reserves in this Agency, and some pupils from the Reserves in the Onion Lake Agency.

The remaining pupils did not return until October 18th, 1947. When the December returns were made out, pupils that did not return and were attending School for the 2nd and 3rd Quarters, were shown as being at home. I regret that proceedings of this nature were new and strange to me, or same would have been checked before going this far, causing inconveniences in all sections.

May I please be advised what procedure should be taken. It would appear that the 3rd Quarterly returns would have to be re-submitted in order to rectify the December Quarterly returns. Every endeavour possible will be made to correct this matter at the earliest possible date.

Dear Father Rolland:-

We have your letter of the 5th instant with reference to the September and December quarter returns of the Blue Quills Residential School. We have decided not to review the September return and consequently no further action need be taken regarding it.

In connection with the December return, you should place opposite the names of those comprising the first list in my letter of January 29th the word "absent". Do not state "At home". This entry should be made in the column headed "Remarks".

With reference to the second list, you should ask grant for them from October 18th to December 31st inclusive and in the column headed "Remarks" you should place opposite the names the statement "Absent from school between October 1st and October 17th".

For pupil No. 386 grant should be requested from October 24th to the end of December. For pupil No. 0364 you should request grant for 77 days.

March 30th, 1948

Mr. R. A. Hoey
Director of Indian Affairs Branch
Department of Mines & Resources
OTTAWA. Ont.

Dear Sir:

On February the 23rd. we were asking for the official discharge of a number of pupils who did not come back to our School. By error, we did not include the name of Peter COLLINS No 306, though he was mentioned for discharge on our Return for December. Presuming that his discharge would be granted we include his name on the here attached Form No. I.A.411., with the hope this will not cause any inconvenience.

May I take this opportunity to thank you for all you do in favor of our children, and specially for the financial increase of the per capita grant that will enable us to face the high cost of living and to start working on the improvements suggested by Miss McCready.

In closing I beg to remain,

Yours very truly,

E Bernet Rollande O.M.I.

Re: Jean, Lena and Victoria Cardinal
children of Matthew Cardinal,
#228 Saddle Lake Band.

With reference to the above named children I wish to submit the following information for the consideration and ruling of the Department:

1. The parents of Jean, Lena and Victoria Cardinal wish to enroll their children in the Blue Quills Indian Residential School. These children, together with their parents belong to the Protestant faith, United Church of Canada. Lena and Victoria attended the Edmonton Indian School during the 1947-48 season. Jean has never attended school to date.

2. Before any action is taken by Rev. Father Rollande, O.M.I., Principal of Blue Quills Indian School, to have these children enrolled in his school, he would like a ruling on this particular case. That is, a protestant child enrolling in a Catholic School.

It would be very much appreciated if we could have your ruling on this case so that the parties concerned may be informed.

Re: School Children - Wabamum Reserve

With reference to your letter of November 6th, and my reply of November 18th, we are now advised that the thirteen children can be accommodated in the Blue Quills and Onion Lake R.C. Residential Schools.

As we infer from the contents of your letter of November 6th that these children are not receiving any education now, we would appreciate it if you would instruct Superintendent Robertson to arrange for the admission of the children to the two schools mentioned.

If at any time in the future a day school is established on the reserve, we can then consider whether the children should be allowed to remain at home to attend the day school.

Re: School Children - Wabamum Reserve.

I have just returned from the north to find your letter of November 25th, in which you instruct that the 13 R.C. children at Wabamum be admitted to the Blue Quills and Onion Lake R. C. residential schools.

On my trip I found both the Blue Quills and Ermineskin schools filled to capacity with a waiting list of children eligible to attend.

It maybe that the Onion Lake school could accommodate these children but after discussing the matter with Superintendent Robertson, I am convinced that the parents would not agree to send their children such a great distance. Mr. Robertson mentioned this in his letter of November 19th, file 110-6-3 addressed to you.

As I mentioned in my letter of November 6th, Mr. Staley, principal of the Edmonton residential school, stated that he would be glad to take these children into residence if there was no objection. Frankly I can think of no other solution to this problem except the provision of temporary day school facilities presently under consideration. Unfortunately there are no buildings near enough to the centre of the population to be used for a temporary school.

Regional Supervisor of Indian Agencies.

School Children - Wabamum Reserve

It would seem, in view of the regulations of the present Indian Act, that the only way to provide school facilities for the children on the Wabamum Reserve, will be by the establishment of a small day school. It is unfortunate that no temporary accommodation exists and that the Department of National Defence will not release the buildings previously requested.

We are having our architects design a low cost one room school without a basement and which will be heated only by stoves. It is felt that such a building would provide adequate accommodation on a reserve in which we are uncertain as to the outcome of the operation of a day school.

We will have an opportunity of discussing this matter when you visit the Department in January.

Indian Affairs Branch,
Ottawa, Ont.

Herewith please find attached a list of children together with Application for Admission Forms duly completed for the Blue Quills Indian Residential School:

Rosie CHARLAND
Thomas HOULE
Johnson LAPATAK
Nelson BERNARD
James LARGE
Harriette HALF
Cecilia DION
Martha GLADU
Eric PECHE
FRANCOIS PECHE
Francis MARTIN
Joyce MATCHATIS
David GLADU
Marie REDCROW
Richard CRANE
Henry YOUNGCHIEF
Irene CARDINAL
Gabriel JOHN
Irene GLADU
Mary MOUNTAIN
Frank CHARLAND
Roderick CHARLAND

Further to those listed above, the Rev. Principal has requested the re-admission of;

0358 - Joyce CARDINAL
0393 - Yvonne JOHN

With regards to the two re-admissions, I would recommend same for the following reasons. Joyce CARDINAL has been attending a School (Day) in Edmonton, and her mother is working as a Nurses Aide in the General Hospital. Mrs. Cardinal is now working nights, and unable to take care of her daughter. A request was made to have this girl placed in a Convent, but it was recommended that she complete her eighth Grade first. The parents of Yvonne John are of a roving nature, and have not given their daughter a fair chance. I feel she will do well if admitted to the Blue Quills School.

I have the application for admission of Lucille Eliza Cardinal to the Blue Quills Indian Residential School.

As you probably know the Blue Quills school is already over the authorized enrolment. The parents of this child are both living. It is, therefore, impossible to approve the admission of this pupil at this time.

The matter should again be brought to the attention of the Department during the summer when some of the present pupils will be discharged.

April 4th, 1951.

Rev. E. Bernet-Rollande, O.M.I.,
Principal,
Blue Quills Indian Residential School,
St. Paul, Alberta.

Dear Father Rollande:

We have your letter of the 27th ultimo with reference to Annie and Doris Collins.

While there are many children of non-Indian status who would like to attend Indian Residential Schools, at the same time it must be kept in mind that the funds provided by Parliament are intended for the education of recognized Indian children only. Consequently, we cannot make an exception in the case of the two Collins girls, and they should be discharged in the immediate future.

As a matter of fact, they should never have been admitted to the Blue Quills Residential School which is a government-owned building, and as intimated above, is intended to be used for the education of recognized Indian children only.

Yours sincerely,

Philip Phelan,
Superintendent of Education

, October 4, 1951.

Mr. W.K. Taylor,
Supt. Indian Agency,
St. Paul, Alta.,

This refers to your letter of September 26, file 118/25-2-751 regarding the transfer of pupils from the Onion Lake R.C. Residential School to the Blue Quills Indian Residential School.

Frankly, it is not clear to this office the reason for this transfer. Our records indicate that both of the schools are over the authorized pupilage.

You indicate that these children have been in the Onion Lake School from two to nine years. As the Course of Study for Saskatchewan is somewhat different from that of Alberta, we are of the opinion that children who have been at the Onion Lake School for seven to nine years should complete their education there. The others may be transferred provided one or both of the schools are prepared to absorb the transportation costs for these children.

Philip Phelan,
Superintendent of Education.

Mr. W.K. Taylor,
Supt. Indian Agency,
St. Paul, Alta.,

This refers to your letter of September 29th regarding admissions to the Blue Quills Indian Residential School.

The Department approves the admission of all pupils listed in your letter except the four Cardinal children whose names are Victoria, Lena, Gene Francis and Emily as these pupils are Protestants and according to our records Victoria and Lena have attended the Edmonton school. The application shows that Gene Francis also attended the Edmonton school but we are unable to verify this from the Edmonton Return. Would you advise the enrolment number of this pupil when attending the Edmonton school.

The Principal, Father Rollande should not have admitted the Cardinal children to the Blue Quills school until their admission was approved.

As the admission of the Cardinal children to the Blue Quills school is not approved, grant for them for the September Quarter is not allowed. You may advise the Principal to this effect.

The discharge of pupils numbered 392, 0329 and 0379 is also approved.

Rev. Bernet-Rollande, O.M.I.,
Principal,
Blue Quills Indian Res. School,
St. Paul, Alta.,

Dear Father Rollande:

This refers to the September Quarterly Return for the Blue Quills Indian Residential School.

On Form I.A. 411 enclosed with this Return you indicated that three pupils have been discharged during this quarter and that no admissions have been made.

On checking the Return, it is noted that in the margin you have shown that seventeen pupils are being discharged and forty-one pupils were either admitted for the first time or re-admitted after being absent for some time.

You are advised that you must show on Form I.A. 411 all pupils you propose to discharge and those you admitted during the quarter, whether the admissions and discharges have been approved or not.

Yours sincerely,

Philip Phelan,
Superintendent of Education.

Attention: Superintendent of Indian Education.

With reference to your letter of the 4th instant under file 751-10- (E6) in regard to transfer of Indian pupils from Onion Lake Residential School to Blue Quills Indian Residential School we wish to advise that Elyse and Lawrence Martial were admitted to the Onion Lake Indian Residential School at the ages of five and three respectively and that they have attained the grades of four and one respectively. The parents of these children strongly insist that these pupils be taught this year at Blue Quills School because they beleive these children will advance more quickly here and that it will be much easier for the parents to visit them and also that the children would be able to return home during the holidays included in the school year. We also wish to advise that the same circumstances exist with regard to Nora Desjarlais.

In the case of Whilelmina Ennow it appears that this girl , who is not sixteen years of age, was becoming very difficult to handle and the parents believe they could be in closer contact with her should she be allowed to attend Blue Quills School.

This matter has been fully discussed with Father Rollande and he informed us that he is quite ready to accept these pupils should the Department give their approval. Transportation cost in this regard will be paid by the parents concerned.

We would strongly recommend transfer of the above mentioned children, if at all possible.

Your file 119/25-2-751

With reference to your letter of October 22nd, the Department approves the discharge of pupils listed provided you are satisfied that the discharges are justified.

It would be appreciated if you would ask the Principal, Father Rollande to show his future discharges on Form I.A. 411 which should be enclosed with the Quarterly Return. It is much easier to check the records when discharges are listed on this form rather than on a letter.

If any discharges require more explanation, a letter can be forwarded with Form I.A. 411.

I am enclosing an extra copy which you may forward to the Principal.

Attention: Supt. Indian Education.

With reference to your letter of October 18th., under file 751-10(E6), in regard to the four Cardinal children from this Agency who are, at present, in the ~~Blue Quills~~ Residential School, we wish to advise that the parents and children in this family are now following the Catholic faith. The younger children in this family have already been baptised and the older children and parents are receiving instruction in the R.C. faith. Since this family undertook the instruction under the R.C. faith before these children were enrolled in school we respectfully request that these admissions be approved as submitted and the grant for the September be allowed.

Three of the above children were previously enrolled in the Edmonton Residential School and their numbers were as follows: Victoria - 0301, Lena - 0302, Emily - 0307 and there is no record of Gene Francis having attended this school.

Father E.B. Rollande has been advised to show the above children on his quarterly return temporarily pending a further decision in this matter. Your further advice would be greatly appreciated in this matter.

With reference to your letter of January 2nd regarding the admission of the four Cardinal children to the Blue Quills Indian Residential School, you are advised that the Department is reviewing their case along with some fifty similar cases and when a definite decision is reached on the interpretation of the Indian Act in this regard you will be advised.

These children should not be entered on the December Quarterly Return for the Blue Quills school. If the Return is on its way to Ottawa by the time you receive this letter these childrens' names will be deleted from the Return and no grant will be allowed. Should a decision reached by the Department favour placing these children in the Blue Quills school the Returns will be amended in the future.

Mr. W.K. Taylor,
Supt. Indian Agency,
St. Paul, Alta.,

Further to our letters of October 18th and January 15th regarding the admission of the Cardinal children to the Blue Quills Indian Residential School, it is noted from our files that three of the children were in the Edmonton Indian Residential school; two for four years and one for one year. It appears that these pupils were later discharged from the Edmonton school and all were placed in the Saddle Lake Day School.

It is noted from the application forms that both parents are living. Would you advise the necessity for institutional care for these children. It is noted that the children are already at the Blue Quills school, however, their admission to this school has not been approved and no grant can be allowed until the matter is cleared up.

Attention: Supt. Indian Education.

With reference to your letter of the 23rd ultimo, under file 751-10(E6), in regard to the necessity of institutional care for the Cardinal children, this will advise that this is a large family which has 7 children living and three that died since 1949. The mother in this family is in very poor health and is constantly in the hospital. We consider that institutional care for these children would ease that burden on these parents to a great extent

While these children were in the Saddle Lake Day school, this family needed the constant help of their neighbors to manage all their children.

Superintendent.

With reference to your letter of February 5th regarding the Cardinal children, would you kindly advise whether these children are now at the Blue Quills Indian Residential School.

It is very doubtful that we will be able to secure approval for the admission of these children to the Blue Quills school. It would be appreciated if you would advise whether it would be possible to have these children placed in the Edmonton school where three of them were prior to attending the Saddle Lake Day School. Also advise under what circumstances these three children were taken out of the Edmonton school and placed in the Saddle Lake school bearing in mind the contents of your letter of February 5th.

Attention: Superintendent of Education.

Reference your letter of even file dated the 12th ultimo regarding the admission of the Cardinal children to the Blue Quills Indian Residential School.

On reviewing our files it is noted that the first correspondence in regard to this case was submitted September 8, 1948, under file 118/6-1 and a reply was received from your office under file 118-1-10 (E1) on September 16, 1948.

The father of this family, Matthew Cardinal, treaty No. 228 Saddle Lake Band, was born and raised as a member of the United Church. Shortly after he was married he was baptised and became a member of the Roman Catholic Church. There are eight children and all were baptised in the Roman Catholic Church with the exception of Victoria and Lena, who were baptised in the United Church. Victoria and Lena attended the Edmonton Indian Residential School for approximately three years and everything went well until it was time for Jean, the third daughter, to start school. It was then the parents requested a change and thus our letter of September 8th, 1948, to the Department for a ruling. The reason given by the parents for not wishing to have their children attend the Edmonton Indian Residential School was the fact that they, the parents, were now members of the Roman Catholic faith. Acting on your ruling of September 16, 1948, file number quoted above, the three girls were sent to the Edmonton Indian Residential School.

The following year when a new day school

continued.....

was opened at Saddle Lake the parents of this family lived within a distance of one mile from the school and thus their children attended the Saddle Lake Day School.

During the spring of 1950 the parents moved to a new location approximately five miles from the Saddle Lake Day School and again requested that their children be admitted to the Blue Quills Indian Residential School. Since the beginning of the school term 1951, four children of this family have been attending the Blue Quills Indian Residential School. At the present time there is not sufficient room in the Edmonton Indian Residential School for the four girls and in view of the circumstances I would recommend that they be admitted to the Blue Quills Indian Residential School.

The Principal of the Blue Quills School informed me that, should these children be allowed to attend this school, the two oldest girls will be baptised under Roman Catholic faith.

Mr. W.E. Taylor,
Supt. Indian Agency,
St. Paul, Alta.,

With reference to the June Quarterly Return for the Blue Quills Indian Residential School, please advise the Principal that the Department allows 30 days hospital grant for pupils admitted to hospital during the quarter.

In the case of pupil # 426, the Principal has indicated that this child was in hospital from March 29 to May 7th. Please advise the Principal that we have allowed 82 days grant rather than 54 as claimed by him. This increase was made up as follows - pupil was in residence 54 days - 28 hospital grant was allowed on the March Quarter and 28 days on the June Quarter.

Pupil # 0352 was in residence for 43 days. We have allowed 30 days hospital grant effective May 13, the date this pupil was admitted to hospital.

The Principal has claimed 50 days grant for pupil # 0355. We have allowed 80 days grant which is 30 days beyond May 20 which is the date the pupil was admitted to the Charles Camsell hospital.

Please advise the Principal of these corrections in order that he may be guided when preparing future returns.

INDIAN AFFAIRS

Rev. Father Rollande,
Principal, Blue Quill's Res. School,
ST. PAUL, Alberta.

Re: School Admission, Evelyn Black,
TN 24, Janvier Band, age 5 years

Dear Rev. Father Rollande:

We have a child, the above, who is at present in the Charles Camsell Indian Hospital where both her parents are confined. She has no home to go to. It has been suggested by Dr. W.L. Falconer, Medical Superintendent, Indian Health Services, that she be sent to your institution.

In anticipation of your acceptance of this child we are having the parents sign her admission form which, in due course, a copy will be forwarded to you. It is assured that with the recommendation of Dr. Falconer her admission will be approved by the Indian Affairs Branch. It is rather urgent that she proceed at once to your school.

I am taking the responsibility of doing this, pending formal approval from Ottawa and with your acceptance of her. School admission forms are being sent to the Camsell Hospital, with a copy of this letter, for signature.

Please advise this office if you can accept this child now.

Yours very truly,

H.N. Woodsworth,
Superintendent.

Mr. W.K. Taylor,
Supt. Indian Agency,
St. Paul, Alta.,

With reference to the September Quarterly Return for the Blue Quills Indian Residential School, the Department approves the discharge of the following pupils:

# 351	# 424	# 0381
371	429	0417
377	431	0463
384	0352	0472
	0488	

Pupil # 0355 according to the June Quarterly Return left this school to be admitted to hospital on May 20. As this pupil was not in residence during the month of June, the school is not entitled to per capita grant for July and August. We have, therefore, disallowed the sixty-two days grant for this pupil claimed by the Principal.

The Principal has neglected to indicate the date pupil # 0362 was re-admitted to the Blue Quills school after discharge from the Charles Camsell Hospital. It is presumed that the date was September 1, 1952. Please advise.

Philip Phelan,
Superintendent of Education.

Re: Applications for Admission
Blue Quills Indian Residential School
ST. PAUL, Alberta.

Attached find Application for Admission forms completed on behalf of Angelica Ann Kootenhayoo, age 7, TN 102 Alexis Band; Albert Sam Kootenhayoo, age 4, TN 102 Alexis Band and Zella Sarah Arcand, age 12, TN 164 Alexis Band. The father of these children, Joe Kootenhayoo is a patient in the Charles Camsell Indian Hospital, mother deserted these three children.

The father arrived with these children at the Charles Camsell Indian Hospital where he was urgently wanted for admission and the hospital authorities did not know what to do with the children. It has been found difficult or impossible to locate foster parents. In the emergency that arose they were placed in the Blue Quills Indian Residential School and they were accepted much to our satisfaction.

It was recommended that these children be admitted as grant earning pupils.

Your File 171/25-2

Mr. Woodsworth, Superintendent of the Edmonton Agency, has referred the above case to the department in order that instructions might be issued for the placement of these children in the Blue Quills Indian Residential School. However, before taking steps to have the R.C.M.P. act in this matter, it is thought that application forms for the admission of the children to the residential school should be signed, if possible, by the mother. This would simplify matters considerably.

If, for any reason, this is not practical, I shall appreciate your informing me why and steps will be taken to have the Blue Quills Residential School designated the one to which these children should attend.

Re: Application for Admission -
Blue Quill's Indian Res. School
St. Paul, Alberta.

Attached find Application for Admission Ralph Frederick Callihoo, age 12 years, TN 122 Michel Band.

This boy, along with his brother, was admitted to the Ermineskin Indian Residential School in September, 1952. He, along with his brother, repeatedly ran away and the Principal, Rev. Father Latour, discharged both boys. Rev. Father Rollande at Blue Quill's Indian Residential School, St. Paul, Alberta, took this boy in, after it was decided to split the boys and send one to Blue Quill's and one to Sturgeon Lake. The children have no mother and the father is unable to look after them. Both boys of Archie Callihoo have had little or no education and are a constant problem to the Michel Band community and to other communities in which they periodically reside. No one seems to be willing to foster them.

Action was taken, in view of this boys lack of a home, to send him to Blue Quill's before submission of this application, which was January 29/53. It is hoped this action will meet with your approval.

Medical Examination has already been completed. See Application to Ermineskin Indian Residential School, in September 1952.

George Francis, son of Maggie
Francis, TN 63 Heart Lake Bd.

Attached find application signed by Maggie Francis, mother of the above mentioned Indian child requesting admission of George to the Blue Quill's Indian Residential School in September 1953.

This child is recommended for admission by Dr. W.L. Falconer, Medical Superintendent, Indian Health Services. George has spent some time in the Charles Camsell Indian Hospital and it is important that he receives better care than he is receiving and has received at his home. It is also important he be educated. I am sure you will approve of the recommendations of Dr. W.L. Falconer in which I concur.

Re: Application for Admission - Blue Quill's
Indian Residential School.
George James and Barbara Ann Brule, TN
357 Bigstone Band

Attached find Applications for Admission, Blue Quill's Indian Residential School, submitted by the mother of the two above mentioned Indian children.

The mother recently prevailed on the Principal of the Ermineskin Indian Residential School, to take them in. Evidently they only remained 10 weeks and were removed from the institution by the mother who considered the children unhappy there.

Attached find a copy of letter from Mr. G.S. Lapp, Superintendent, Lesser Slave Lake Indian Agency, March 3, 1952, supporting their admission as requested by the mother at that time.

The father, George Stamp, Treaty #252 Enoch's Band, is constantly in jail and the situation regarding the care of these children has worsened rather than bettered. I, therefore, recommend their admission as requested by the mother to the Blue Quill's School where they can receive satisfactory care.

Superintendent.

Re: Application for Admission
Blue Quill's Indian Res. School
Junior High School

Attached find application for admission of above mentioned Indian girl to Blue Quill's Indian Residential School. The application has been completed under instruction of Mr. L.G.P. Waller, Inspector of Schools.

Alice previously applied for a Nursing Aide Course but it was considered she should complete Gr. Vlll at least before engaging in this training. You will note the Agency Nurse has signed as witness and when completing the form certified the childs' health. A Doctors examination would be difficult to obtain and therefore this has been omitted. The girl, when she enters the Residential School, is under periodic check up regarding health.

This application is recommended for your approval.

Re: Clyde (Jones) Mustus
Andy (Jones) Mustus

In a letter dated July 27, 1953 Dr. W. L. Falconer, Medical Superintendent, Indian Health Services, recommends that Clyde and Andy be admitted to an Indian Residential School in September 1954 so that they may be under supervision and restricted activity which will hasten their return to health following the convalescence from T.B.

I agree with Dr. Falconer, however, you must make the decision. If you sign the attached application for admission forms, we will try and get your boys into the Blue Quill's Indian Residential School at St. Paul, Alberta. I am sure there they will be well cared for and receive good education and proper care which, because of your large family, you cannot give.

If you agree, return the signed forms to this office.

Mr. H.N. Woodsworth,
Supt. Indian Agency,

With reference to your letters of July 29 and 30th, the Department approves the admission of the following children to the Blue Quills Indian Residential School:

Alice Kootenayhoo
Margaret Paul
Edward Arcand
Lena Agnes Kootenhayoo

I wish to draw your attention to the fact that arrangements have been made with the Indian Health Services to conduct a physical examination of Indian children entering a residential school, consequently it is no longer necessary to complete the physical examination portion on the application for admission form.

For your information new application for admission forms are available. A quantity of these forms have been sent to Regional Supervisor Gooderham and it is presumed that some of these have already reached your office, however, additional quantities are available by requisitioning in the usual manner. The new application forms do not require physical examination.

Superintendent of Education.

Charles Camsell Indian Hospital,

July 25, 1953.

Mr. Gooderham,
Regional Superintendent of Indian
Agencies,
620 Public Building,
Calgary, Alberta.

ATTENTION: Mr. Waller

Dear Mr. Gooderham,

We have two patients in the hospital who are giving us some concern at the present time. These patients are ready for discharge but will require a years' convalescence, preferably under a more restricted routine than they would experience in their own homes. The medical staff would like to hold them in hospital and over-treat them, but as they have a long list of active tuberculosis cases waiting to be admitted they have no choice but to prepare them for discharge.

These patients have no homes of their own to which they may return, but will have to live with friends or relatives if discharged home. Both of these patients are anxious to receive more education so that eventually they may receive training that would enable them to become gainfully employed.

Both patients are Indians, one 19 years of age and the other is 20 years of age, Both are Roman Catholics. I have canvassed all the private schools in Edmonton, with the hope that one or more of them would be prepared to accept at least one of these patients. However, the lowest grades taught in these schools in nine and ten. This is no help to us. As far as I can ascertain, there are no other institutions in Alberta where they can receive rest and training at the same time.

Therefore, can you help us? If there is room I would suggest that these two boys should attend Blue Quills Residential School. One of these patients, John Fournier, is unusually talented in art and it has been recommended that he eventually receive training in commercial art. I recall that when I visited Blue Quills School, that I was introduced to a very capable art teacher who would be able to give John much assistance.

2...

As I mentioned earlier, the need for beds is urgent and until some arrangement can be made for these boys, they must continue to occupy beds that are required by other patients. Could you thereofore give me an answer as soon as possible, as to what assistance you can offer.

I realize that Residential Schools are for children, but as nothing is available for these adults following discharge, it would seem that the residential school provides the only solution to our problem until such time as the departments concerned with the native peoples set up such a training institution.

I am enclosing a summary of these patients for your information.

Yours sincerely,

Mr. W.K. Taylor,
Supt. Indian Agency,
St. Paul, Alta.,

With reference to your letter of September 18 regarding the re-admission of Jennie Shirt to the Blue Quills Indian Residential School, it will be in order for you to arrange for her admission, however, please instruct the Principal that he must indicate this information in the Remarks Column when preparing the September Quarterly Return.

It is noted that this girl's re-admission is required in order that she may complete her Grade 8 education.

DEPT. OF INDIAN AFFAIRS
OCT 15 1923
RECORDS

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Telegraph Creek Public School for the Quarter ended 30 Sept 1923

Teacher R T Pollock

P. O. Address Telegraph Creek B.C.

Dated 30 Sept. 1923

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

H Scott Simpson
Indian Agent or Superintendent.

Dated at Telegraph Creek B.C.

this 30 Sept 1923

Agents and Superintendents should see that full explanations are given by the teacher in the column for "Remarks," if the school was closed during the quarter for other than authorized holidays, and should also themselves make any necessary comments in that column.

INSTRUCTIONS TO TEACHERS

1. Fill up all the columns in this Return.

2. All the columns of the Return *must be added* and the totals placed at the foot thereof.

3. The total number of days absent and days present not to be omitted. as these two columns added together should give the total number of school days.

4. Number and date of holidays to be inserted in the column for remarks.

5. By the total number of school days in the quarter is meant the number of days in the quarter exclusive of Saturdays and Sundays. All authorized holidays will be paid for.

6. The class standard of each pupil must be signified by inserting opposite his or her name the figure 1 in the column designating the particular standard. The curriculum to be followed is that prescribed by the Department of Education for the province in which the school is located.

7. No names other than those of Indian children are to be included in this Return.

8. The Quarterly Returns must end on the 31st March, 30th June, 30th September and 31st December respectively, and be immediately thereafter in each case transmitted to the Department through the local Indian Agent or other authorized official.

9. When, owing to the number of pupils, the form of Return is not long enough to contain all the names, use another form, paging it as No. 2, and carry forward all totals, placing them in the proper columns. Do not increase the length of the form by pasting another, or portion of one. to it.

10. The average daily attendance during the quarter may be ascertained by dividing the total number of days' attendance of all the pupils by the number of days school was open in the quarter.

11. No teacher's salary will be paid until this Return has been received by the Department.

12. Should the school be closed at any time during the quarter, the reason must be given in the column for remarks for such day or days.

13. The school must be opened and closed punctually at the hours approved of by the Department.

14. This form to be used for Day Schools only.

Sir,—

I have the honor to state that I have on necessity sent in to the Edmonton General Hospital, a boy (Johnson Large) pupil of the Blue Quills Residential School.

This was done acting on Dr Hardy's advice, as the b boy was suffering from Cornea of the eye. His treatment will last about ten days to two weeks.

I trust that my action will meet with the approval of the Department.

I have the honor to be,
Sir,
Your obedient servant.

Sir,—

I have the honour to submit herewith in triplicate, requisition for drugs for use at the Blue Quill's Residential school in this Agency.

In regard to this requisition, I beg to draw your attention to the following items which in my opinion, are asked for in excessive quantities, viz:- 5 galls. White Pine Cough Syrup; Gauze - 100 yds., and Hot Water Bottles (1 qt.) 4, and I would suggest that one half the quantity asked for in each case would be sufficient for their requirements.

I also note that one Hypodermic Outfit is asked for and in regard to this item, I might state that I do not believe that an outfit such as this is necessary at the present time.

Qu'Appelle Quill's Boarding School (R.C.)

Saddle Lake Agency.

Visited this school June 23rd. and 24th. 1924.
Sister Cournoyer is still in charge, conditions are much the same around the school, visited the entire building and out buildings kitchen, ice house, pantries, dormatories. class-rooms, recreation and dining rooms.

Dormatories,-The boys are having new mattresses (made of wool) as the old straw ones are not fit for use.

Dining-room,- was clean and well aired.

Menu for the day,-

Breakfast,- porridge with milk and sugar, milk to drink bread and a fat.

Dinner,- Soup. meat and potatoes, bread, tea, and a cottage pudding.

Tea,- Hash in a meat pie, bread, stewed fruit and tea. Milk if wanted.

Health,- Fair, several of the children are carrying a temperature daily, Alice Cardinal had a T.P.R. 101/98/18, asked the Sister to take her temperature daily and report the case if necessary. Helen Cardinal has swollen glands so has a temperature, asked that this child be given an extra allowance of milk, also Iron Tonic.
Edmund Skunk, complains of a pain in the chest asked the Sister to watch the case.
Eleanor Mountain, hip shorter than the other, complains of pain at times, would advise that she be examined by the Doctor.

Skin,- several cases of itch found advised the Sister to use a wash of Blue-stone and then an ointment, using special attention to the children's underware.

Throats and Noses.
Several case of bad tonsils noticed,

Blue Quill's Indian Boarding School. Saddle Lake. Alberta.

Visited this school December 15th. and 18th. 1924.

Found everything as usual, place not as clean as usual owing to a shortage of water, all the wash water had to be melted. The general health of the children appeared very good.

One child, Sylvester Cardinal, had a peculiar spell, no doubt partly due to a nervous and hysterical condition, this is the second of the nature, advised that the Doctor ~~XXXXX~~ne should be notified so that he could examine the child on his next visit to the school.

Johnston Large, the little lad is in very bad condition, has been in bed now for some time, is under the Doctor's care.

Asked that the Doctor should make an examination of Napopeon Brighteyes, eye case, to see if anything can possibly be done for this child as the condition is distressing.

Left a complete copy of the Individual Report of children, with the Indian Agent, to be checked up by the Doctor on his next visit to the School.

As will be seen by the enclosed Individual Report, general ~~XXXXXXX~~n health of the children good.

Eyes,- Napoleon Brighteyes,-granular lids.

Defective Vision,-

Bella Rain Matilda Quinn, Mary Ann Shirt.
Veroniqui Large. Napoleon Brighteyes

Nose and Throat. Tonsils abnormal.

Matilda Quinn	Edmund Skunk	Albert Cardinal
Helena Cardinal	Irene Brighteyes	Francis Cardinal
Anna Houle	Alex Doghead	Samual Skunk
Veronique Large	Eleanar Mountain	Leo Mountain.

Heads,- very fair, not as clean as usual.
Teeth,- Several extractions needed.

Several cavities found.

Skin,- Very good, one case of eczema, Veronique Large.

Glands,- good at time of visit.

I, have the honor to be Sir,-
Your obedient servant,-
A E Gerry, R.N.
Travelling Nurse.

Dear Sir:- Attention of Mr. F.H.Paget.

Re. quotation on drug supplies for Blue Quills Indians enclosed herewith. P.D.&Co. Ovarian Substance Tablets list at $3.30 per 100 tablets, the quantity of 500 appears to us rather unusual.

Also note we are quoting on Essence of Peppermint 10% strength. This commodity is particularly high at present and possibly the 3% extract would be satisfactory which would cost $4.50 instead of $9.00.

Yours truly,

RJH/KHC.

Ottawa, October 21st.,1925.

Dear Sir,-

I beg to enclose herewith for certificate an account from the Revillon Wholesale Ltd., for one gross Lifebuoy soap supplied to the Saddle Lake Residential School. In this connection I beg to state that this item was included in the requisition for drugs received under cover of your letter of the 3rd August last, No. 17, but it is thought that as the quantity is so large that it is used for other purposes than in the infirmary. If such is the case, the cost of the soap so used should be paid by the institution from their earnings. The Department is willing, however, to supply a limited quantity of carbolic soap for use exclusively for the sick.

Yours truly,

September 16th 1927

Sir:-

I beg to report that Dr. Decosse has informed me that on his last visit at the Blue Quill's Residential School, he examined several pupils and found that they had enlarged tonsils. He recommends that these be removed and suggests that in the event of permission being granted the best method of dealing with these cases would be to have them taken to hospital at St. Paul where he could perform the necessary operations and keep the patients under observation for a few hours or possibly overnight.

The doctor considers that there would be about twelve cases requiring attention. I should be glad to have your authority in the matter.

Your obedient servant,

Sir:-

I enclose a copy of a letter I have received from Mr. W. E. Gullion, Indian Agent at Saddle Lake, with reference to the desirability of operating on twelve pupils at the Blue Quill's Residential School who have enlarged tonsils. I shall be glad if the Department will advise me what action it is desired should be taken. If the Doctor's recommendation is carried out, the cost will probably be $300.00 or more.

Sir:

I have your No. 407-11B of the 22nd instant, enclosing copy of a communication which you received from Mr. Agent Gullion, Saddle Lake, relative to the recommendation of Dr. Decosse that a number of the pupils at the Blue Quills Residential School, who have enlarged tonsils, be operated on. In this connection I beg to say that you may arrange to have the operations carried out in the cases absolutely necessary to the health of the pupils. You should arrange for the best method in dealing with these cases and in having the work performed at the lowest possible cost.

January 31st, 1929

Sir:-

I beg to inform you that Amelia Steinhauer, a pupil at the Blue Quill's Residential school, has had eye trouble for some time. Dr. Decosse examined this girl again yesterday and he recommends that her eyes be tested and that she be fitted with proper glasses. It would be necessary to send her to Edmonton in order to have this done. This girl will be 17 years old in April next.

I should be glad to have your instructions in the matter.

Dear Sir:-

In accordance with instructions, I am enclosing herewith, copy of a circular issued by the Department in regard to Tuberculosis and Trachoma cases on the reserves. The letter is self-explanatory.

I have also been reminded that any new pupils who may have entered school during the past year should be vaccinated before the end of the school term. The school year closes June 30th and in the event that I should overlook mentioning the matter, I should be glad if you would call at the Blue Quill's school on your next visit to this reserve and attend to any cases which have not been previously vaccinated.

Yours truly,

A. Goulden

OFFICE OF
INDIAN AGENT

DEPT. OF INDIAN AFFAIRS
JUN 10 1931
RECEIVED

SADDLE LAKE, ALBERTA.

June 3rd, 1931.

Sir-

I beg to acknowledge the receipt of your letter No.93-1 of the 27th ultimo in regard to a report received from Rev'd J. Angin that twenty pupils of the Blue Quill's Residential school had not yet been vaccinated although a list of pupils was supplied last autumn and in reply; I might state that I asked the school for a list of the pupils and received a list containing 63 names, (31 girls and 32 boys) all of whom had been vaccinated as stated in my report of the 23rd August, 1930. Previous to this, I had taken up the matter of vaccination of pupils with Dr.Decosse and he advised me that so far as he was aware, he had vaccinated all of the children in the school and that Sister Breske had a record of this and could furnish the list.

Quite a number of new pupils were taken in during the past year and I am enclosing herewith, copy of letter sent to Dr.J.P.Decosse on the 19th ultimo, requesting him to call at the Blue Quill's school on his next visit to the Saddle Lake reserve, in order to attend to any children who have not been previously vaccinated. Had the Reverend Father Angin mentioned the matter during one of my visits to the school, I could have advised him that it was being kept in mind and that it would be attended to in due course. The Doctor was advised as to regulations in Circular No. 93-1B and I have endeavored to carry out the instructions contained therein. Arrangements have been made to vaccinate all pupils who have not already been attended to and I shall submit a report on this as soon as possible after the end of the school term.

Your obedient servant,

W.E.Gullion
Indian Agent.

Dear Sir,-

The Department is pleased that 45 pupils of the Blue Quill's Indian Residential School have been successfully vaccinated against smallpox. It is, however, a matter for notice that so many pupils of this school should have been unvaccinated. Instructions have been in force for several years, and the new school has been in operation for sufficient time to enable them to be fully put into effect. If smallpox had appeared in this school this number of pupils would have been material for an epidemic.

The instructions place the responsibility for vaccination on the officer in charge of the Agency and not on the doctor. Kindly give this matter your attention at the opening of school for the fall term, and see for yourself that all new pupils are vaccinated.

Yours truly,

A. F. MacKenzie,
Secretary.

AUG 23

Dear Sir:

In our last requisition for Drugs there was a mistake made when shipping same. We asked for 20-25 yd. rolls of gauze. On the Voucher of Department of Pensions & National Health they have marked 20-25 yd rolls but they did not send it. We received 20-5 yd. rolls so 400 yds of gauze are missing.

Respectfully yours,

Rev. Jos. Anglin
Principal

Sir:-

Re Vaccination of Pupils:

I beg to transmit herewith, letter from the Reverend Principal of the Blue Quill's Indian Residential school, reporting on the vaccination of new pupils and those to be discharged in June next.

The Doctor informs me that he vaccinated 16 of the pupils, the vaccinations being mostly unsuccessful.

Sir:-

I beg to inform you that when I called at the Blue Quill's Indian Residential school last week, my attention was drawn to the fact that the school did not have a suitable scale for weighing and measuring the pupils from time to time and I was asked if it would be possible to have one furnished for this purpose. Moyer's Health and School Scale No.325, shown in Moyer's 1932-1933 catalogue would be suitable for this purpose and this is the scale that they had in mind. I believe that in addition to weighing, this has an attachment for measuring height.

Sir:

I have your letter of the 29th ultimo, regarding the request that a Health and School scale be supplied for the weighing and measuring of the pupils at the Blue Quills Indian Residential School.

In reply I have to say that the Department will have no funds to provide this equipment. Could not the school authorities, themselves, provide the cost, if they desire this scale.

EXD.

Ottawa, August 5th, 1936.

Dear Sir,-

In the annual drug requisition received from the Blue Quill's Indian Residential School, the Principal has asked for, among other things, a scale with measuring rod. This type of scale is seldom if ever supplied to a Residential School owing to the cost, but the Department is willing to expend approximately $15.00 in the purchase of a bathroom scale of the Health-o-meter pattern. It will, therefore, be in order for you to arrange purchase from approved source locally and have the scale sent to the Principal of the school. Kindly quote the date and file number of this letter when submitting an account for payment. A copy of this letter is being sent to Indian Agent Gullion for his information.

Blue Quill Indian Res.School, 118-1-13
Saint-Paul.Alta.

August 24th 1936

To the Honourable Harold W.Mac Gill,
Supt of Indian Affairs,
Ottawa.

INDIAN AFFAIRS
AUG 29 1936
RECORDS

Honourable Sir,

I beg to inform you that Blue Quills School did not re-open on August 13th through the bad will of Mr Indian Agent Gullion. This Agent forbade the parents to bring back their children to school on account of whooping cough.In fact,there were some cases of whooping cough on the Saddle-Lake reserve,but only 6 or 7 pupils were sick out of 80;it seems to be ridiculous to maintain home the other 75 pupils.Mr Gullion told me on August 12th that Doctor Decosse had asked to maintain home all the pupils for 3 weeks;it was false and Gullion told a lie.Dr Decosse did not say anything of that;he gave to Gullion a letter dated Aug.11th or 12th,stating that only the pupils of 5 families should not go to school for a while till they recover.This letter has been read by Mr Pitre,teacher at Blue Quill School;Dr Decosse did not hinder the pupils to come back to school;on the contrary,when told by Rev.Father Bouchard,missionary at Saddle-Lake,that he had stopped the school,he was surprised,denied it and said that, in his letter to Gullion,nothing of this could been read,and no mistake possible;he was surprised even that the pupils did not come back to school.

If you ask for this letter to Gullion, you will be surprised, Honourable Sir,to see as Gullion is a hypocrite.

When I knew these facts,I had Mr Pitre to phone to Gullion asking him to have back to school the 75 pupils who were free from desease.Gullion replied he would see again Dr Decosse,and in fact,this latter went through the reserve of Saddle-Lake last Thursday Aug.20th,but i do not know yet the result of this visit.

I find strange that,whene there is some matter relative to the pupils,I am not admitted to discuss this matter with Dr Decosse and Gullion;they take decision alone and after,they noti--fy me of their decision.I am however constituted by the Depart--ment guardian of the pupils,this means,I fancy,that I should be admitted into any discussion concerning the pupils.I remember another fact that happened 2 years ago:a girl,Gertrude Cardinal, was sent from school to hospital for eye-desease;she was dis--charged from hospital and from school both by Dr Decosse and Gullion,she was home since one week,and I was not notified even of her discharge.This is surprising..I fancy I should be admit--ted to discuss any matter concerning the pupils,because I am their guardian,and I do not accept that Dr Decosse and Gullion can discharge any pupil without my consent,as well as they can not maintain home pupils without my consent.Am I right or wrong?

Now I do not know when the pupils will come back to school; this whooping cough is on the reserve since last fall 1935,and no steps have been taken to stop it.This year,when there was a new break up of the desease,about July 20th,nothing has been done to stop it or to disinfect the bearers of germs;therefore,the desease can spread over and stay for 2 or 3 years.

I cannot understand the conduct of Gullion;for me he is just good for nothing,he does not care about anything,he leaves the Indians quiet,whilst they do not bother him;but as a hypocrite, he can tell lies as many as words.

But this is a big damage made to the school,and I do not know how I can finance the school if the Department cut the grant

f[illegible] 3 weeks or more on account of the absence of the pupils.And, I ask you,Honourable Sir, that the grant be given to Blue Quill School,as if the children had been present since August 13th.

I say again that the fault is only upon Gullion who should have obeyed the instructions of Dr Decosse.

Reverend Sir,-

The Department is in receipt of your letter of the 24th ultimo, with reference to certain pupils of the Blue Quills Indian Residential School not returning upon the expiry of their leave owing to an outbreak of whooping cough.

Mr. Agent Gullion is being requested to report in connection with this matter. I may say that, if pupils with whooping cough were admitted to a residential school, you would probably have considerable trouble with them all winter.

Yours truly,

A. F. MacKenzie.

Ottawa, September 1, 1936.

Dear Sir,-

The Department is in receipt of a letter from the Principal of the Blue Quills Indian Residential School, in which he states that Dr. Decosse directed that certain Indian children belonging to five families on the Saddle Lake Reserve be not returned upon the expiry of their leave owing to whooping cough. He further states that, in spite of these directions of the doctor, you have issued instructions for about eighty (80) children of the Saddle Lake Reserve not to return on the date of the opening of the school after the holidays.

Please let the Department have a full report, at once, regarding your action in this matter. If Dr. Decosse gave the instructions mentioned by the Reverend Principal, the Department cannot understand why you kept all the children home.

When replying to this letter, you should forward to the Department the letter which you received from Dr. Decosse regarding whooping cough on the Saddle Lake Reserve.

Yours truly,

A. F. MacKenzie.

Saddle Lake, Alberta,

EX'n.

Sir,-

I beg to inform you that owing to an epidemic of whooping cough on the Whitefish Lake reserve, I found it necessary, on the advice of Dr. Eadie of Vilna, to keep the pupils of the Edmonton Residential school and also the Blue Quill's Residential school, at home.

As there was some whooping cough on the Saddle Lake reserve also, I had Dr. Decosse of St.Paul check up the homes on this reserve and he has now also recommended keeping the pupils at home for a time. The principals of both schools were advised accordingly. I might state that the doctors advised holding the children for at least three weeks when another check up would be made as to their fitness to attend school. I might also mention that the Principals of both schools have mentioned the matter of the grant during this period, and asked if this would be paid in a case of this kind.

Your obedient servant,

Dear Sir:-

Referring ~~you~~ to our conversation of August the 9th. when I informed you I had found many children of school age who were suffering from pertussis, and also advised that they should not be sent to school for three or four weeks and further, that ~~if~~ all other suspicious cases who were brought to your attention should be investigated before the opening of school and that if too many were reported it would be advisable to keep all the children home until such a time as we were satisfied they were all cured, please note that I have found so many cases since that I am convinced the above action was amply justified.

No doubt many more cases will be reported in the near future.

September 18th, 1936.

Sir:-

I beg to acknowledge the receipt of your letter No. 118-1-13 of the 1st instant in regard to a letter received from the Reverend Principal of the Blue Quill's Indian Residential school in which he evidently endeavoured to make it appear that I had acted contrary to the advise given by Dr. Decosse. As the whooping cough situation was such that I was of the opinion that should the children be sent back to school, serious developments might result, and as this was brought to Father Angin's attention, I am rather surprised at his attitude in the matter. I discussed fully with Dr. Decosse and also with Dr. Eadie, the advisability of keeping the pupils at home for a time and both of the Doctors advised keeping the children home for at least three weeks, this depending on the situation at the end of that period.

The Reverend Principal was advised of this but he evidently considered that he was better informed in the matter than the Doctors who were in attendance as he almost immediately started to urge the Indians to take their children back to school. This, despite the fact that he had been advised as to what was being done and the reason for keeping the pupils out of school for a time. By insisting whenever the Indians called at the school, the Reverend Principal persuaded some of them to take their children to school before they had been passed as fit by the Medical Officers, twenty three being returned to school in this manner. In doing this, it would appear that Father Angin acted in direct contravention of the health regulations issued by the Department and should his action result in a further outbreak of whooping cough or other serious consequences follow in the case of the children taken into school, he should be prepared to accept full responsibility in the matter.

The situation on the reserves is now improved and the children, after being checked, will be going back to school. As requested, I am enclosing herewith, Dr. Decosse's letter.

Copy to Mr. Gullion, Indian Agent

Dear Doctors Decosse and Eadie:-

I have been asked to intervene in the matter of the children from Saddle Lake who are out of Blue Quills and Edmonton Residential Schools on account of whooping cough. The Principals are put out. Perhaps many of them have gone back now, and we have not heard of it.

As for children who have whooping cough, and whom you do not think fit to travel, your judgment must be final. As for the rest, it occurs to me at this distance that they might be better off in the schools than at home. Of course, the Principals will have to consider whether this may involve the spread of the disease to many pupils from other areas, and, if you allow children with whooping cough, or exposed to it, to go back you would be entitled to express your view as to their responsibility. I know also that you and Mr. Gullion have the parents to deal with.

My suggestion is that you and Mr. Gullion should get together, with the Principals of the Schools, if possible, and come to some agreement, or at least compromise.

Yours very truly

MR. PHELAN

In writing the Principals you may think it wise to point out that in the last resort, Provincial law and regulations are the final authority in matters of contagious disease, and that the Indian Agent is bound to observe them under the advice of the Doctor.

It may become a matter for compromise between the strict law and the best interest of all concerned, and we have suggested that the Principals, Doctors and Indian Agent try to work out a satisfactory solution together.

Re- Requisition.

Dear Sirs:

On our last requisition of June 19th, 1936. we are short of Gauze, we asked for 2000 yds, we only received 150 yds.Owing to the great amount of dressings being done to those children ,we are getting short already. Should we have to get it here it would cost a lot more. Hoping shipment will be made at once.

We have not yet received the Cod Liver Oil, It is time the children should start and take it, as there are quite a number who have been sick and need a tonic,. Could you also send some of the Extract of Malt and Cod liver Oil, some of the girls do not digest the pure .

Yours truly,

Dear Sir,-

The Principal of the Blue Quill's Indian Residential School has written the Department asking to be supplied with 2000 yards of gauze. He claims he asked for this amount in his last requisition. Actually 1000 yards were requested but it was reduced in this office to 150 yards as that is the average quantity usually supplied to Residential Schools. It is also claimed that there is a great amount of dressings being done to the children. It will be appreciated if you will investigate and, if satisfied that the quantity asked for is required, submit a proper requisition approved by the medical attendant.

The Principal should be informed that the cod liver oil substitute known as "Thallatol" was ordered from Vancouver on October 1st., and must be on its way if he has not already received it.

Dear Sir:-

See letter of Nov 16/36 re 118/1/10 J.P. 16/11/36

I beg to acknowledge receipt of your letter file No 118-1-13 and must say that I am surprised to hear that the children had not all returned to school by Oct. 15th.

I completed an inspection of all the children actually on the reserve on Sept. 15th. and advised Mr. Gullion two days afterwards that all the children with a few exceptions could return to school. The latter were cases who had not had pertussis and were coughing at the time, and the parents were advised to keep them home for a week or more and that if the cough ceased, they were to be sent to school, if not, they were to report to the Agent who was to advise me so that they could be re-examined. As none of these cases reported I assumed that they only had a cold of the ordinary variety and that all had returned to school before Oct. 1st.

The only explanation I can give for this failure on the part of the parents to return the children is that an epidemic of lobar pneumonia existed at that time at the Blue Quill School among the children of other reserves and also among those of Saddle Lake who were admitted before the inspection, and no doubt the parents elected to keep them home until this abated.

Ten Cases of pneumonia, four of which were double, were admitted to the St. Paul Hospital between Sept. 15th. and October 14th. with no mortality, fortunately, and in view of this situation, it may have been a wise thing for the parents to do.

Yours truly,

J. P. Decosse M.D.

EX'D.

SADDLE LAKE, ALBERTA.

November 7th, 1936.

Sir:-

I beg to submit the following in connection with the pupils of the Blue Quill's Indian Residential school. As mentioned in my letter of the 18th September last, it was necessary, owing to whooping cough on the Saddle Lake and Whitefish Lake reserves, to keep the children home. This action was taken after the situation had been fully discussed with the Medical Officers. As the situation was clearing up toward the end of the month, arrangements were made to have all of the children who were fit, return to the schools on the 1st October. A few were kept at home at that time and the last group, ten in number, were sent back to the Edmonton Residential school on the 27th.

In the meantime however, there appeared to be an epidemic of pneumonia at the Blue Quill's Residential school as there were ten cases of pneumonia taken to the hospital from the school between the 15th September and the 14th October four of these cases being double pneumonia. As those of the children kept home after the 1st October became fit and parents directed to take their children to school, they hesitated in some cases owing to fear that their children might contract pneumonia. In some cases their children were just recovering from whooping cough. Fortunately, so far, there have been no deaths there from this disease.

I might say that none of the parents refused definitely to take their children back to school when directed that they should do so. They stated in most cases that owing to hearing of so many pneumonia cases at the school, they did not wish to take the risk of losing their children and that they would rather keep them for a short time or until such time as the pneumonia situation cleared up to some extent. Compulsion might have been resorted to, to have the children taken in immediately after they were considered fit. On the other hand, if this action had been taken and pneumonia had caused the death of a pupil after being taken in, a very disagreeable situation would have been created.

When I was at Whitefish Lake reserve on the 20th October, I advised the Indians there that any pupils of the schools, Edmonton Residential and Blue Quill's, who were still out, should be returned to the schools to which they belonged. There did not seem to be any objection to this. However, upon making enquiries later, I was informed that they had expected that the motor truck from the school would be sent up for the few children there. I shall make enquiries and if this was not done, some arrangement will be made to have any absentees brought in. The truck could have been sent up from the Blue Quill's school for the children at Whitefish Lake, and this would no doubt have speeded up the return of some of the children as some of the Indians do not own horses.

Checking up at Beaver Lake reserve on the 6th October, I found that some of the children there had whooping cough. This had just started and the parents were advised that the children would be required at the Blue Quill's school in about three or four weeks time. There are seven pupils there. These will now be brought in if fit.

The situation in connection with the schools this year was unavoidable and although the schools may have lost a little in the way of grants, the matter throughout has been dealt with in a manner considered in the best interests of everybody concerned.

In conclusion, I would like to add that a more reasonable attitude by the Principal in unavoidable issues and the co-operation of the schools in recruiting and getting children back to school, would be very much appreciated.

HEALTH

The general health of the Indians has been fair. There were a number of cases of pneumonia amongst the school children at Blue Quill's residential school. Whooping Couch cases were all better and the remaining school children were returned to school. Nurse Fisk has been on the Whitefish and Saddle Lake reserves during the month and reports no sickness of a serious nature.

Blue Quills Indian Residential School,
Sacred Heart,P.O.,Alta.,Jan.29th,1931.

Honourable Sir:

x x x

With regards the requisition for the farm, I have asked for six working horses; at present there are here five horses, of which two are 18 years old. As to milking cows, I have applied for 10; the 10 cows here at the present are also getting old and soon will have to be slaughtered for beef.

You will notice that there is also a list for the shop, mostly of tools required for repairs to house or of farm equipment; and this will prove a great economy to the institution as our engineer can thereby attend to any urgent and necessary repairs.

Your obedient servant,
Rev. Jos. Angin.

Re

Dear Sir:-

We are advised that it is your intention to purchase in the early future an 800 lb. Electric Cream Separator for your new Indian Industrial School at St. Paul, Alta., and we are wondering if we may ask you to let us figure in this matter. May we also at the outset point out that we are an entirely Canadian company, operating on Canadian capital and employing Canadian workmen making a splendid standard line of cream separators and we certainly would be very pleased indeed if you would give us an opportunity to figure on this particular machine you are purchasing in the near future.

Yours very truly,

H.A.Jordan,
Managing-Director,

If this type required, your letter will be overlooked

Memorandum:

MR. BUSKARD.

With reference to your memorandum of yesterday's date, concerning supplying the Blue Quills Indian Residential School with horses, cattle and machinery, I may say that, during the next few months, a few purchases will have to be made. On April 10th, last, you gave me a memorandum concerning sources of supply for live stock and implements. If there are any others that you wish to have quote, please let me know.

Concerning the painting of the floors at the new school, I may say it is not the intention to proceed with this work this year.

Memorandum:

MR. BUSKARD.

Pursuant to telephone conversation this afternoon, I have to inform you that horses, cattle and agricultural machinery will be purchased for the Blue Quills Indian Residential School, in the electoral district of Athabasca, from time to time, during the next few months, as required. The original requisition from the Reverend Principal indicated that six horses, ten cows and the following agricultural machinery would be required:-

Breaking plough,	Mower,
Gang plough,	Rake,
Disc,	Wagon,
Harrow,	Bob sleigh.
Drill,	

I may say it is not the intention to purchase any of this equipment until the Reverend Principal writes that particular stock or machinery is then required. The current prices for the locality of St. Paul, Alberta, will be paid when purchase is made. It is possible that a team or two of horses, the ten cows, a harrow, wagon and bob sleigh will be required during the next few months and that the rest of the equipment and stock will be needed in the spring.

Acting Deputy Superintendent General.

March 23rd 1932.

To the Secretary,
Department of Indian Affairs,
Ottawa.

Sir,

In reference with your letter No 118-1-14,of Feb.4th,relative to the machines to be supplied to the Blue Quills School,I may say that,according to your letter,I have asked,5 weeks ago,for the prices of these,to Mr Charles Gauvreau of St-Paul,but have not got any reply.It is possible that Mr Gauvreau have written to the Department directly.

Considering however that the spring is coming soon and that the agricultural implements will be needed within one month, I have taken the liberty to ask for prices to the principal firms of machinery in St-Paul that have always repairs ~~on hand~~ in stock and I submit below their prices for your information:

	Massey-Harris		Mc Cormick-Deering	
16" Breaking plow	$ 92.00		$ 93.00	
16" Disc	82.00		88.75	
Spring tooth harrow	90.00	503.00	90.25	494.50
20 R Drill	229.00		122.50	
Bob-sleigh with double-box	113.50		105.00	
For freight from Edmonton to St-Paul			27.44	

The Massey-Harris firm gives a 7%discount on Machinery,and 5% on sleigh,so that the amount totals to $ 575.65
The Mc Cormick-Deering firm gives a 10% discount on all,so that the amount totals to $ 566.99.

I know that Mr Gauvreau has yet some machines from Lacrosse Plow Works,of Racine,Wisc.I would be very obliged to the Department not to furnish these same machines to the school,as it takes 3 weeks before getting repairs from Racine,Wisc.

Sir,

I have already written to you about the fencing of the playgrounds for the pupils,and I must again draw your attention on this fact that the pupils being come back,it is difficult to watch over them.The playgrounds should be fenced the soonest possible,chiefly when it is time yet to make fence;pretty soon, it will be to cold to have the playgrounds fenced.

The pump is working very badly and I fear it breaks sometime. Mr Indian Agent Gullion has been advised two months ago and I asked at this time that the pump be taken off and fixed up again.Would it be possible that the man who has settled down this pump come again to see about it?

Our wheat is already cut and pretty soon it will be the turn off the oats to be cut,and after wards the trashing will take place. I get you remember that we have no granary and no other place to put our crop.Therefore a granary should be built very soon. I hope you will take steps in this connection.

Yours truly,

Sir:

I beg to acknowledge receipt of your letter of the 1st instant in connection with the agricultural implements, fencing, and cattle asked for by the Blue Quills Indian Residential School at St. Paul. You have my report on this school dated the 24th ultimo, and you will note that I have stated that the following agricultural implements will be required:

1 - 16" Breaking Plow
1 - 16" Disk
1 - 20-run Drill
1 - set spring toothed Harrows
} Not required until Spring.

1 - Bob sleight with box - Required this fall.

The fencing is for the playgrounds, and when I was there the Principal estimated the cost at $250. These grounds should, of course, be fenced, but there is no reason why this cannot be held over until spring, if necessary. In any event, I am not very much in favour of fencing playgrounds with woven wire as it soon gets out of shape from the boys standing on it, &c. I think plain wire with a rail on top of the fence would be more suitable.

With reference to the milch cows and bull: No doubt this school requires additional cows as they only have seven at the present time, but if say five additional cows were supplied this fall, I think that would be sufficient to meet the requirements of the school at least until spring. The bull of course is not required until spring, and can be purchased at the Edmonton bull sale which is held about the 1st of April. The approximate cost of good milch cows would be between $50 and $60.

Therefore.....

The Secretary,
Department of Indian Affairs,
OTTAWA.

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

Therefore, all that would be absolutely necessary to supply at the present time would be the Bob-sleigh and box at a cost of about $90 and five cows at an approximate cost of $300. I note that the Department state arrangements could be made with Chas. Gauvreau for supplying cows and farm implements, and they desire to know the cost of same: I am of the opinion that this man is not a dealer in any of the lines mentioned. The Bob-sleigh and box could be bought in the usual manner and delivered through an implement dealer at St. Paul, and Mr. Gullion, the Agent, is quite capable of purchasing the cows, from the farmers in that district. Of course if the Department wish to place the purchasing of these implements, &c., in the hands of Mr. Gauvreau, I will see that this is done.

I might also refer to the granary which was mentioned in my recent report on this school: This is something that is required by the school this fall, if there is any means whatever of financing it.

MR. BUSKARD.

It is necessary at the present time to purchase five cows and one set of bob sleighs, with box, for the new Blue Quills Indian Residential School at St. Paul, Alta. In April, 1931, you directed that, when cattle and farm machinery were being supplied, the purchase be made from Charles Gauvreau, St. Paul, Alta.

Mr. Inspector Christianson, Calgary, Alta., states he is of opinion that this man is not a dealer in any of the lines mentioned. He recommends that Mr. Gullion, the local Agent, arrange for the purchase of the cows from farmers in that district and that the bob sleigh and box be bought in the usual manner and delivered through an implement dealer in St. Paul. I should be pleased to have your directions regarding the purchase of the above.

It will also be necessary next Spring to purchase a breaking plow, disc, drill and set of spring tooth harrows, also a bull and five cows. I shall be pleased to have your instructions regarding the above purchases.

Ottawa, September 22, 1932.

Sir:

I have your letter of the 6th instant, in connection with the agricultural implements, fencing and cattle for the Blue Quills Indian Residential School at St. Paul, Alta. It is noted that the only farm equipment required at the present time is one bob sleigh, with box, and I would request that you arrange for the purchase, from a firm on the list handling these supplies, and have same delivered at the school when considered timely. Please obtain an account, in triplicate, covering the cost, which you should certify in the usual manner and forward for payment.

Regarding the fencing of the playgrounds, as our funds this year are limited, this work can be held over until next Spring. This matter may be brought to the attention of the Department at that time and full details should be given regarding materials and cost.

With reference to the purchase of milch cows, I have to say that the Department is prepared at the present time to supply the school with five grade milch cows. It is considered that a good type of grade cows would be satisfactory. They should be young and giving milk, or to freshen early in the new year.

You may arrange with Mr. Agent Gullion, if you are assured he is a good judge of cattle, to make the purchase. He should give Mr. Charles Gauvreau, St. Paul, an opportunity to supply the cows, but if Mr. Gauvreau is unable to do so, the Agent may make the purchase locally. It would be advisable that he secure the aid of a Government Livestock Man, if one is in the district, in selecting the cows. All cows should be free from tuberculosis and should be of good milking strain. It is noted you are of opinion that the cost of good milch cows would be between $50 and $60 each. It is hoped that they can be obtained at a price not exceeding this figure. After the Agent has completed the purchase, he should forward for payment accounts, in triplicate, properly certified, in favour of the parties from whom the cows are purchased.

The question of supplying a further number of cows, additional agricultural implements and fencing material will receive consideration this coming Spring.

Your obedient servant,

T. R. L. MacInnes,
Acting Secretary.

Sir,-

The Principal of the Blue Quills Indian Residential School has forwarded to the Department the enclosed list of equipment which he desires supplied.

Owing to lack of funds, it will not be possible to authorize any further expenditure this year than was mentioned in official letter of the 22nd instant. You will note from the last paragraph of that letter that the question of supplying a further number of cows, additional agricultural implements and fencing material will receive consideration next spring although, at the present time, the Department is unable to state what funds, if any, will be available for this purpose.

You might, however, give careful consideration to the list enclosed with this letter and, at your convenience, you should report to the Department what articles on the list you consider are absolutely necessary. When replying, the list should be returned.

Sir:

I beg to forward herewith Saddle Lake Voucher No. 3594 in favour of Mr. A. S. Spence of St. Paul, for $285 for five cows purchased for the Blue Quills School.

I received a letter from the Reverend Principal this morning, and he informed me that he is well satisfied with the cows. One has just freshened and is giving a good quantity of milk; one is due to freshen within a week or ten days; another will freshen towards the end of the month and the other two are due to freshen sometime in January. The cows are dual purpose Shorthorns.

This expenditure was authorized by Department letter No. 118-1-14 of September 22nd last. I would recommend the payment of this voucher.

MEMORANDUM

Mr. Buskard -

I have to refer to your memorandum of the 9th. January regarding the purchase of five cows for the Blue Quills Residential School at St. Paul, Alberta. In our memorandum of September 17th. referred to by you, direction was requested regarding the purchase of the cows by Mr. Gullion, the Indian agent, from farmers in the district, as Inspector Christianson had stated that Mr. Gauvreau was not a dealer in any of the lines mentioned. This action was approved by the Minister provided Mr. Gullion was considered to be a good judge of cattle and the suggestion was made that he secure the aid of a Government line stockman if one were in the district. It was further stated that Mr. Gauvreau should be given an opportunity to supply the cattle required.

On this ruling, Inspector Christianson was informed that if he considered agent Gullion a good judge of cattle, the agent might be authorized to make the purchase. He was to be instructed that Mr. Gauvreau should be given an opportunity to supply the cows but if he was unable to do so the agent might make the purchase locally. He was to be further instructed in regard to securing the services of a Government stockman in selecting the cows.

Although no further correspondence took place, it is assumed that the agent acted on these instructions and being unable to secure the cattle from Mr. Gauvreau he made purchase from A. S. Spence. The voucher submitted for payment in this connection bears the following words : "Authority: Inspector Christianson's letters No. 407-11A of Sept. 26th. and Nov. 23rd. 1932."

I trust this explanation is satisfactory.

INSPECTOR'S OFFICE,
CALGARY, ALTA., Jan. 13th., 1933.

Sir:-

I beg to bring to your attention that the Department authorized me to purchase a set of Bob-Sleighs and a Box for the Blue Quill School, in the Saddle Lake Agency, in their letter 118-1-14, of September 22nd., last.

I received quotations on the Bob-Sleigh and Box, and the John Deere Plow Company were the lowest tender, and the Sleigh and Box was delivered through their Agent at St. Paul. It then developed that what the Principal wanted was a Grain Tank and not a Wagon Box. He also wanted a set of trees and yoke. Trees and yoke are not a part of a bob-sleigh, but rather than have a lot of fuss over nothing I had the wagon box changed for the Grain Tank, and the trees and yoke furnished.

The extra cost in this connection, over and above the Wagon Box is $30.95. Therefore a voucher is herewith attached for $70.35 and abstract for tenders is also attached for same, and another voucher attached for the extra $30.95.

I hope this meets with the approval of the Department.

Memorandum: Mr. Buskard.

In reply to your memorandum of the 15th instant, I beg to inform you that the Indian Agent for the Onion Lake Agency has not asked for threshing machines for the Cold Lake and the Long Lake Indian Reserves. The following other farm implements have been inserted by him in his Estimates for 1933-34, namely,-

COLD LAKE BAND. 5 plow shares, and 2 plow handles.

LONG LAKE BAND. 5 plow shares, 2 plow handles, 2 breaking plows, 2 disc harrows, and 2 drag harrows.

The funds provided for farming implements for the Onion Lake Agency will not permit of the purchase of the plows and harrows for the Long Lake Indians, but it is proposed to authorize the purchase of the plow shares and plow handles for the two bands.

With regard to the farm machinery for the Blue Quills School, I beg to state that provision has been made in the Estimates for the purchase of the following articles, namely,-

1 - 16" breaking plow
1 - 16" disc
1 - 20-run drill
1 - set spring toothed harrows.

It is the intention of the Department to authorize the purchase of these for the school as soon as the Estimates have been finally approved.

Dear Sir,

I have to refer to the purchase last year by you of five cows for the Blue Quills School.

It has been represented to the Department that these cows were purchased from Mr. A. S. Spence at an amount which was $75.00 more than the price quoted by Mr. Walter Allen of St. Paul. It is also stated that the cows were bought without the application of the T. B. test.

I should be glad to have a full explanation from you of these two matters.

Yours very truly,

MEMORANDUM

Mr. Buskard -

I have to refer to memoranda from your office of the 14th. instant regarding the purchase of cows for the Blue Quills School.

In connection with the representations that the cows purchased last year were bought without application of the T. B. test, and at a price $75.00 greater than the quotation of Mr. Walter Allen, of St. Paul, I have written the Indian Agent, Mr. Gullion for an explanation. I shall communicate with you again when a report is received.

Mr. Walter Allen's name has been noted for the supply of cattle and stock and particularly for the purchase of five cows for the Blue Quills School this year.

OFFICE OF

SADDLE LAKE, ALBERTA.

March 29th, 1933.

Sir:-

I beg to acknowledge the receipt of your letter of the 16th instant in regard to the purchase last year of five cows for the Blue Quill's Indian Residential school. In reply, I wish to submit the following report;

In Mr.Inspector Christianson's letter No.407-11A of the 26th September, 1932, I received instructions in part as follows; ..... "As to the purchase of "additional milch cows, you are hereby authorized to "purchase five grade milch cows for the school of a "good milch type. You should see the Principal and "ascertain from him what would be the most suitable "time for the cows to freshen. When the Department wrote "to me in this connection I advised them that the cows "could be purchased at a price of from $50. to $60. and "this amount should not be exceeded. I think we should "get exceptionally good cows for even $50. You are aware "of the market price at the present time, and I would "consider that real good cows can be bought for this "amount. In making the purchase you are to give Mr. "Gauvreau an opportunity to supply the five cows that "are required, but if he is unable to do so, you may "purchase them locally wherever you can find suitable "ones. .....

The cows were also to be T.B. tested. On the 13th October, I interviewed Mr.Gauvreau in regard to supplying the five cows required. I advised him as to the kind and type of cows required and also informed him that he should endeavor to see the Reverend Principal of the Blue Quill's school before getting any cows. In my report for the month of October, I mentioned that the cows had not yet been delivered. By letter dated November 23rd, 1932, Mr.

Harold W. McGill Esq.,
Deputy Superintendent General,

Mr. Inspector Christianson advised me that the matter had already been too long delayed and instructed me to get in touch with the Principal immediately and buy five cows that were suitable to him. I received Mr. Christianson's letter on the 29th November and on the following day, I called at the school and the cows was one of the subjects discussed with Rev.,Father Angin. He informed me that he wished to have at least two cows fresh, the others to freshen before Spring. I was in St.Paul but did not see Mr.Gauvreau on that date. I however, met Mr.Walter Allen from North of St.Paul and he mentioned that Mr.Gauvreau had told him that a number of cows were needed for the school. I advised Mr.Allen that I would look over his cattle as soon as possible. The day following, December 1st, I drove out to Mr.Allen's and looked over his herd. While some of his cattle were fairly smooth, they were not of the larger type and with the exception of one very poor heifer, none of the cows that I looked over had freshened. He had three heifers, I believe rising three years, that I considered the most promising. His cows, I understood, were not freshening until Spring. I advised Mr. Allen that five cows were required for the school and that I wished to get cows that would prove suitable to the Principal. I also told Mr. Allen that I would advise the Principal in regard to his (Mr. Allen's) cattle and that if the Principal considered that they might be suitable, he might drive over and look at them. The Principal, however, did not want any untried milch cows or any that were not going to freshen during the Winter.

As Mr.Gauvreau was apparently making no further efforts to secure the cows, I did not again approach him in connection with the matter and proceeded to carry out Mr.Christianson's instructions. On making enquiries in St.Paul, I was advised by Mr.H.A.Welsh and others, to get in touch with Mr.A.S.Spence, whom it was considered was the most familiar with the stock in the district. On the 3rd December, I got in touch with Mr.Spence and advised him of the kind and type of cows required. The cows were accordingly delivered at the school on the 16th December. I called at the school with Mr.Spence on Saturday the 17th and checked up on the animals with him. The cows supplied were large and of a very good type. One cow had just freshened, one was to freshen at once and another one within ten days, the other two being due to come in a little later. The Reverend Principal informed me that he was very well satisfied with the cows. The cows were purchased with the understanding that they would pass the T.B.test and Mr. Spence is having them tested. Taking the time

time spent in looking for suitable cows, trucking, etc., into consideration, I was of the opinion that for the type supplied, the cows were reasonably priced..

It was represented to the Department that the cows were purchased at an amount which was $75.00 more than the price quoted by Mr.Allen. The cows furnished were of course worth the difference or I should not have made the purchase. There were cattle in the district that could have been bought at prices even lower than Mr.Allen's but there is the difference between suitable and unsuitable animals to be taken into consideration.

I fail to see any reason why Mr.Gauvreau should feel aggrieved as he was given an opportunity and I think, plenty of time, to procure the cows. In this connection, I might mention that when in St.Paul on the 26th January last, Mr.A.U.Lebel asked me to call at his office. I did so and he then brought up the matter of the cows, stating that Mr. Gauvreau had requested him to write Ottawa and ask for an investigation in the matter of the purchase. Mr.Lebel thought that it might be advisable to see Mr.Gauvreau and Mr.Allen regarding this but after considering the matter, I came to the conclusion that it would be very poor policy to go about explaining my action in a matter in which I considered I was right and in accordance with instructions from my superior officer. In discussing this with Mr.Lebel, I explained the situation and he was apparently satisfied. There was absolutely nothing for which I considered I should place myself on the defensive and I felt that I had no occasion to adopt that attitude.

I have gone into this at some length in an endeavor to make the situation clear and in conclusion, would say that I regret very much any annoyance the purchase of the cows may have caused.

Memorandum:

MR. BUSKARD.

I wish to refer to your memorandum of the 14th ultimo, regarding the purchase of five cows by Mr. W. B. Gullion, Indian Agent, Saddle Lake, Alberta, from Mr. A. S. Spence, for the Blue Quills Indian Residential School, without the application of the T. B. test to the animals and at $75 over the quotation of Mr. Walter Allen of St. Paul. A report regarding the purchase has been received from Mr. Gullion, from which I quote as follows:-

"I received instructions from Mr. Inspector Christianson to arrange for the purchase of five grade milch cows of a good milch type and to give Mr. Gauvreau an opportunity to supply the cows but that, if he was unable to do so, to purchase them locally wherever suitable ones could be obtained - the cows to be T. Spence is having them tested.

"While it is represented that the cows were purchased at a cost of $75 more than the price quoted by Mr. Allen, I would point out that they were worth the difference, or I would not have made the purchase. There were cattle in the district that could have been bought at prices even lower than Mr. Allen's, but there is the difference between suitable and unsuitable animals to be taken into consideration."

In concluding his letter, Mr. Gullion states:-

"I fail to see any reason why Mr. Gauvreau should feel aggrieved as he was given an opportunity and I think, plenty of time, to procure the cows. In this connection, I might mention that when in St. Paul on the 26th January, last, Mr. A. U. Lebel asked me to call at his office. In discussing this with Mr. Lebel, I explained the situation and he was apparently satisfied. There was absolutely nothing for which I considered I should place myself on the defensive and I felt that I had no occasion to adopt that attitude."

I may add that Mr. Spence, from whom the cattle were purchased, has been paid at the rate of $60 each for two cows and $55 each for three cows - a total of $285.

Memorandum:

MR. BUSKARD.

Funds are provided for the purchase of farm machinery for use at the Blue Quills Indian Residential School, St. Paul, Alberta. It is intended to supply the following:-

1 - 16" Breaking Plough,
1 - 16" Disc,
1 - 20-run Drill,
1 Set Spring tooth Harrows.

The approximate cost, delivered at the school, will be $540.

In reply to the Department's memorandum, dated February 17, 1933, regarding purchase of farm equipment for the Cold Lake and Long Lake Bands and the Blue Quills School, you requested that quotations be obtained from the Cockshutt Plough Company of St. Paul, represented by James Fraser. I would also refer you to memorandum dated February 14, 1931, when you directed that Charles Gauvreau, of St. Paul, Alta., be asked to quote on farm implements and cattle.

Mr. Inspector Christianson of Calgary will arrange for the purchase. He states that the equipment is urgently needed for this spring's work. I should be pleased to be advised if it will be in order for him to obtain quotations from the two above mentioned firms and also the names and addresses of any others you desire to be given an opportunity to quote.

Re your memorandum of the 4th instant, your file 118-1-14, with regard to the purchase of farm machinery for use at the Blue Quills Indian Residential School at St. Paul, Alberta,-

The Minister's instructions are that the policy laid down for the Department about two years ago is to be followed, that is: quotations are to be secured from the manufacturers and the machinery is to be delivered through the nearest local agent who appears on the preferred list. By this method the Government secures the benefit of a special price and the agent will receive his usual commission.

Sir:

I have your 407-11A of the 29th ultimo, regarding the supplying of the farm machinery required for use at the Blue Quills Indian Residential School.

In reply I have to say that you may obtain prices, F.O.B., St. Paul, from the local agents of farm machinery firms in the district, as mentioned on the list which was sent you under cover of official letter of May 10, 1932, and place the order with the firm quoting the lowest price for the supplying of the following equipment:

1 - 16" Breaking Plow,
1 - 16" Disc,
1 - 20-run Drill,
1 Set Spring Tooth Harrows.

E.R. 451

Besides the firms above referred to, you should also obtain prices from the Cockshutt Plow Company, St. Paul, represented by James Fraser.

The usual discount allowed this Department should be granted.

After the purchase has been made, you should obtain accounts, in triplicate, covering the cost. These you should certify in the usual manner and forward for payment. I enclose Encumbrance Certificate authorizing the funds required for the purpose. Please state on each copy of the voucher which you submit that the expenditure has been authorized by E.R. #451.

The purchase and delivery of the above mentioned farm machinery should receive your early attention.

MEMORANDUM

Mr. Buckard

With reference to your memorandum of the 9th instant, referring particularly to the purchase of farming machinery for use at the Blue Quills Indian Residential School at St. Paul, Alberta, you state the Minister's instructions are, that when purchasing farming equipment in general the same policy is to be followed as was laid down for the Department two years ago. Will you please advise me whether the Minister wishes the purchases to be made directly from this office, or whether they should be made through the Inspectors or the Indian Agents themselves. The practice has been to instruct the Inspectors to do the purchasing, and continuance of this method would be the quicker. I shall be glad if you will let me know as soon as possible.

Mr. M. Christianson,
Inspector of Indian Agencies,
CALGARY, Alta.

Dear Mr. Christianson:

In my estimate to the Department last year I asked for 6 work horses and 2 double harnesses that we may prepare our land for the seeding. These horses and harnesses will be absolutely needy soon next spring, and I would be satisfied if you could ask the Department that horses and harnesses be supplied to the school during April.

We have 130 acres to seed this year, but out of these 130 acres 100 have to be ploughed very carefully, as it will be the first ploughing since the land was broken. Just now I have only 6 horses for this work and it is completely insufficient. I hope that you will obtain from the Department horses and harnesses. I suppose that now you enjoy a very good health.

Yours truly,

"JOS. ANGIN O. M. I."

Principal.

Sir:

I beg to acknowledge receipt of your 407-11A of the 12th instant, enclosing letter from the Principal of the Blue Quills Indian Residential School, in which he requests the Department to purchase six work horses and two sets of harness.

Please let me have a definite recommendation with regard to the necessity of supplying the horses and harness requested by the Principal.

In the event of your recommending the purchase, please give an estimate of the cost of the horses and state where they can be secured. On receipt of this information, the Department will be in a position to decide if funds can be provided.

Sir:

I beg to acknowledge receipt of Department's letter No. 118-1-14 of the 19th instant in connection with the 6 horses and 2 sets of harness asked for by the Principal of Blue Quills Indian Residential School in the Saddle Lake Agency. In reply would state that to carry out the programme of the school re farming operations, the Principal actually requires the six horses and two sets of harness. I find that horses up in that country are worth about $90.00 each. They can be purchased from farmers in the vicinity as no doubt most good farmers would be glad to sell a team of horses as cash is very scarce around St. Paul at the present time. I think it would be safe, if the horses were authorized, to let Mr. Gullion buy them, as I noticed the last time I was around with him that he was a fairly good judge of live stock. I would not have the time to go up there just now. The roads are impassible and I am very busy.

The harness could be purchased from the Great West Saddlery Company here and shipped from their Edmonton branch. Good harness can be bought for about $35.00 per set.

I beg to acknowledge receipt of your 407-11A of the 27th ultimo, with reference to the horses and harness requested by the Principal of the Blue Quills Indian Residential School.

The necessary funds for the purchase of the above have been provided in our Appropriation for the fiscal year 1934-35, and you may therefore authorize Mr. Gullion to purchase six horses, suitable for the Blue Quills School. It is noted, from your letter, that the horses can be secured at a cost not exceeding $90 each.

You may arrange for the purchase of two sets of harness from the Great West Sadlery Company, at a cost of $35.00 a set.

Enclosed is E. R. No. 2017 as your authority for the purchase of the above.

Dear Sir:

This Branch would like to have an inspection of the herd at the Blue Quills Indian Residential School, St. Paul, Alberta. I trust you will find it possible to have one of your inspectors visit this school and test the cattle.

The officer who carries out this work should communicate with Mr. W.P.B. Pugh, Indian Agent, Saddle Lake, Alberta, who will make the necessary arrangements with the school authorities for the inspection.

Any expenses in connection with this inspection will be paid upon receipt of an account from your Branch.

Sir,-

I beg to acknowledge the receipt of your communication under date of December 15th, file 118-1-14, in which you request that arrangements be made for the inspection of the herd of cattle at the Blue Quills Indian Residential School, St. Paul, Alberta, by a veterinary inspector of this Division.

In this connection I presume that you are referring to the tuberculin testing of the herd and, if so, it will be necessary for you to first place the herd under one of this Department's policies for the eradication of bovine tuberculosis. The only policy which would be open to you is the supervised herd plan and, if you desire to take advantage of this plan, it will be necessary for you to have the party responsible for the herd fill in and sign the enclosed agreement forms and return one of them to this office. The duplicate copy should be retained by the party signing the agreement.

I would point out that no compensation is paid for any cattle which react to a test conducted under the supervised herd plan, but the Institution will receive whatever proceeds there may be from any carcases which are passed as fit for human consumption. No charge is made for the services of our inspectors, but everything possible is done to eradicate tuberculosis from the herd and to maintain it free from this disease.

Dear Sir:

In your report for the month of November on the Blue Quills Residential School you recommended that the herd be tested. I communicated with the Veterinary Director General of the Department of Agriculture and I enclose copy of his reply as well as the necessary forms which have to be completed. I trust the Principal of the Blue Quills School will be willing to co-operate in this regard.

Yours truly,

Blue Quill's School.

In reply to your letter of the 19th Dec. last, I beg to state that I have been negotiating with the Principal of the School to have Tuberculin Test Agreement completed and I expect to have this signed by the end of this month.

The school is delaying in order to check over the herd in the meantime and also a preference to have the test made in the spring of the year.

Respectfully submitted,

Saddle Lake, Alberta. 2nd June 1944.

Dear Mr.Morris, (Whereever you may be)

Have been thinking about you all week the weather if anything here has been worse than last week, so we had some luck with the weather anyhow.

I quote from my monthly report as follows,-

"A very enjoyable and instructive visit was received from Mr.J.E. Morris from May 19th to May 26th, having an official visit, the Agency, and go over the ground with you is like a refresher course, while we had bad weather which threw some of plans out of gear, I think Mr Morris saw a very good cross section of the Agency. I thoroughly enjoyed his visit and help and information I received from him, and I can also say this for the rest of the staff. I only hope he may be able to visit this Agency again and that other officials may also come. I hope I have success with some of his projects he is anxious to start and I think I see some action in the making already".

And I do mean just that Mr.Morris.

I visited the Blue Quill's School last Wednesday night and Father Letour is ready to go on some goats. Please advise me how to procure same and thru what channels. His brother from Duck Lake was there and he is having good luck with goats so Father principal at Blue Quill,s would like to get started and I think it is an ideal place to start. I regret I did not ask you for instructions how to procure goats when you visited here. Not only goats I have thoughts of endless questions I could have discussed with you that I passed up.

Trust the weather is better with you and that your trip is going O.K. Best of Luck.

With kindest regards from Mrs. Pugh & self.

Mr. Hoey it is considered that this may be an opportunity to get goats started in the Saddle Lake Agency. If a male goat is being sent to Father Forcade from Spanish another one could be shipped to the Blue Quill's school at the same time.

24-118

Leask. Sask. June 15th.

Dear Mr Pugh,-

Re,-Goats for Blue Quill's School

Your very welcome letter of June 2nd. finally caught up to me. I discussed the purshase of goats with Indian Agent Ostrander of Battleford and he is going to obtain six or seven female grade goats in that district. In fact while I was there we bought two milking nannies. He feels certain that others can be secured. You are requested to communicate with him and give him shipping instructions. Mr Ostrander suggested that the goats be delivered to a railway point immediatly south of your location and have the school truck pick them up rather than send them all the way to Edmonton and then back out to St Paul. Note the shortest and quickest route should be arranged as the nannies are milking.

Please discuss with Father Letour the purchase and care of these goats and advise him that the Department is supplying them on the understanding that the senior girls and boys will be given instructions on their care. It should also be understood that an equal number of females will be given to some responsible Indians as the herd increases.

Regarding a male goat for this herd I am suggesting that a Pure Breed Saanen be sent from the Spanish Herd. It is thought this could be arranged as we are shipping one from this herd to Father Forcade at Grouard, Sask. If it impossible to ship a male from Ontario you will be advised by Ottawa.

EXTRACT FROM MR. MORRIS'S REPORT ON THE DUCK LAKE AGENCY -

BEARDY'S RESERVE

The goats at this school are doing very nicely. They are milked regularly and the milk is used in the school. The Sister in charge of the dairy has successfully made butter from the milk and a sample and instructions are being sent to Ottawa for inspection. Father Latour has distributed ten (10) young female goats to Indians on the Beardy's Reserve. He visits this Reserve regularly and will give the goats constant supervision.

Note: Father Latour requested that, if possible, a pure bred Saanen male be sent to him from Spanish. Mr. Roberts - kindly endeavour to obtain one for the Duck Lake School. Note: The understanding with Father Primeau is that all male goats of the Saanen herd at Spanish will be made available for our service at a cost of $20.00 each, crated f.o.b. Spanish. I have already asked that a Saanen male be sent to the Grouard and Blue Quills Schools. When these shipments are being made another one could be included for Duck Lake.

Dear Mr. Morris:

The remarks in your Duck Lake report regarding male goats for the Duck Lake and Blue Quills schools have been noted, but we are advised there are no male goats available at Spanish this year; in fact, it appears the goats there were not bred this year due to Brother Grubb being short of help and unable to devote sufficient time to the goats. However, we have written Mr. Ruddy at Golden Lake, requesting that none of the male goats there be castrated until it is known definitely whether or not some of these may be required for the above schools or any other locations in the West. Would you drop me a line regarding your views as to whether or not the Golden Lake goats would be satisfactory.

I have also written Inspector Schmidt asking him to make enquiries in British Columbia with a view to obtaining pure bred males for Duck Lake and Blue Quills. I might also state that Mr. Schmidt was instructed some time ago to purchase a male Saanen in British Columbia for Grouard.

Dear Mr. Kosy:

RE: Seamen Male Goats.

Regarding the sending of male goats to the Grouard, Blue Quill and Duck Lake schools as recommended in my reports I wish to make it clear that I never intended that young goats be sent. I do feel that good animals six months old could be sent without any difficulty. These three schools are very interested in the raising of goats to be distributed to needy T.B. Indians and we will have to encourage the project by helping to obtain breeding stock.

I investigated the possibility of obtaining Seamen male goats at Edmonton, Calgary and at any other place where I thought goats could be obtained. This question was very thoroughly discussed with Inspector Schmidt and all the agents I have visited todate and in every case they state that there are no good breeding goats to be had. Mr. Schmidt stated regarding the purchase of goats in British Columbia that there are only a limited number available at a very high price and that in his opinion there has been a great deal of inbreeding already. He was of the opinion that if goats are to made a success of in the Agencies in the West good breeding stock will have to come from Ontario.

I would therefore suggest that Father Primeau be asked to hold a number of good male goats until I return to Ottawa. I will provide him with shipping instructions so that the animals can be shipped, stopping over a certain points where the Farm Instructors can feed water and exercise them, so that they will reach their destination without hardship.

Yours truly,

Acknowledging your letter of July 10th, I would recommend that young male goats be retained at Golden Lake for delivery to the above-mentioned schools some time this fall.

It is regretted that the pure bred herd at Spanish was not bred last year. If Brother Grubb is unable to devote sufficient time to look after this herd of goats it might be well to consider moving them to some other place. I might inform you that many of the Agents are very interested in the securing of goats to supply milk to Indians, and as there are very few pure bred herds in the West it will mostly likely be necessary to obtain goats in Ontario. It is therefore important that the herd at Spanish be bred this year and goats available for delivery next year.

RE: GOATS.

You are authorized to buy sixteen female goats at fourteen dollars each ($14.00) and six male goats at ten dollars $10.00) each from the Rev. Mr. Jones; payment to be made out of the Welfare Vote. You are also authorized to purchase two female goats and one male goat from Father Rivard at twenty-five dollars for the three animals.

This herd is to be established at Norway House; the milk to be used for tubercular patients and the children of families who are unable to provide milk.

There has been considerable inbreeding in this herd; therefore, you are requested to separate the males at the earliest possible date. Probably you can arrange to pasture them on another island until they are distributed. The male goat purchased from Father Rivard should be used with this herd.

One male goat has already been sent to Island Lake. The others should be disposed of as follows:-

One to Father Trudeau to establish a herd at Cross Lake.

One to Indian Agent Lovell at The Pas.
(Note: It is suggested that this goat be sent there by aeroplane when Dr. Yule next visits Norway House.)

Two good billies should be selected -

One to be sent to the Duck Lake Indian Residential School, Duck Lake, Saskatchewan.
One to the Blue Quill School in Alberta.

It is suggested that you write to Father George Letour, Duck Lake, Saskatchewan, and Father L.C.Letour, St. Paul, Alberta. asking them to provide you with the proper shipping instructions.

(NOTE: I understand they will not bring goats out on the "Keenora" until after the tourist season is over: therefore these two goats most likely will be shipped the later part of September or the first of October. In my opinion, it might be wise to send these goats Via Prince Albert: the one for Duck Lake could be transported from there by truck, the one for the Blue Quill School could be placed off at a station on the main line to Edmonton. If this is done the goats will be delivered in the shortest possible time.)

Ottawa, August 23, 1944.

Dear Mr. Morris:

Further to my letter of July 10th, regarding the shortage of male goats at Spanish, a letter has now been received from Father Prineau in which he states they expect to have more kids than was originally anticipated.

I quote hereunder from Father Prineau's letter:

> "Following up your letter of March 30th (File 84-13) in reply to my letter of the 24th to Mr. Morris, I am pleased to say that we expect to have more kids than we thought there would be at that time. There are already five that have arrived, four billies and one nanny. There will be a good number of others I hope, as more of the nannies were bred than Brother Grubb had thought. I shall let you know later this month as to the number of kids we expect to be able to provide this season."

As passing this information on as it has just occurred to me you may wish to alter the instructions you recently gave to Mr. Lazenby regarding the shipping of billies to Saskatchewan and Alberta.

Yours very truly,

for R. A. Hoey,
Supt. of Welfare & Training.

Blue Quill's School

The Return to school on Sept. 6th of the school children was very poor.

Father Letour had his milk cows inoculated against ? and it turned out very poor and infection setting in on the whole 20, he lost one of his pure bred cows. His herd was T.B. Teasted by Doctor Harold Spence of the Dominion Health of Animals Branch. Doctor Bissonette of St. Paul was the Veterinary that was responsible for the inoculation trouble. I visited the School on Sept. 12. I would have visited again on Sept. 29th but was away from the Agency.

Dear Sir,

I beg to inform you that I taken delivery, last week, of the pure bred Saanen male goat shipped from Portage la Prairie, Man.

Reverend Father I. Gauthier, O.M.I., missionary at Beaver Lake Reserve, has asked me for the male goat that you sent to the School, from Norway House, last summer. They have three goats on the Reserve and the Indians seem to be interested in raising more. Would the Department allow me to send the goat in question ?

Thanking you for your kind attention,

Dear Father Latour:-

I acknowledge your letter of August 13 advising that the pure bred Saanen male goat shipped to you from Spanish has arrived safely. It is hoped that this animal will improve your goat herd.

Regarding your request that the male goat sent to you from Norway House last year be sent to the Beaver Lake Reserve as requested by Father I. Gauthier I wish to inform you that the goat may be sent there. It should be understood that after two years it should be moved to some other reserve. Every effort should be made to encourage Indians in the raising of goats so that a supply of milk will be available. Anything you can do in this respect would be very much appreciated.

Dear Father Latour:-

I acknowledge your letter of September 12th, advising that you have made arrangements to retain a male goat for your herd; and should be pleased if a suitable animal could be located and shipped to you next Spring. Arrangements are being made to obtain another pure bred Saanen goat from the Spanish Herd. This animal will be shipped next Spring - during the month of May or early in June - with a stop off at Portage la Prairie for a week or ten days and then sent forward to your School.

To have this animal delivered to you in the best possible condition and in the shortest time it is suggested that you accept delivery of him at Myrnam or Bonnyville, and then taken to St. Paul either by car or truck, rather than have the animal sent all the way into Edmonton and back out to St.Paul.

"Two Hills" Alberta C.P.R.

I might inform you three goats were shipped from Portage la Prairie; one to Duck Lake; one to your School and one to the Youville School at Edmonton. It would appear that the two other goats arrived in good condition which would indicate that some neglect or delay was made at Edmonton in the shipment of the goat sent to your school.

If this suggestion regarding the shipment is agreeable please advise, indicating your approval.

"I beg to advise you that the animal shipped by you arrived in St.Paul, by train, on Friday evening, July 26th and was taken to the school immediately. To my surprise, I found that it was a female goat instead of a male goat. Would you kindly let me know about the mistake."

The Goat that arrived here was a Nanny and was kept at the school for nearly a week. There could be no mistake made here as there are no other goats at the Portage School.

This goat is intended for the Blue Quills Indian Residential School in Alberta but will be taken off the train at Portage la Prairie and fed and watered for a few days pending resumption of the remainder of the journey.

Father Huston should be notified several days in advance of shipment in order that someone will be on hand to take delivery of the goat upon its arrival.

I might state arrangements were made in June for the shipment of a billy from the Spanish Indian Residential School to the Blue Quills School but this office has just been advised that upon arrival it was discovered the animal shipped was a nanny. Dear Mr. Neary;

I have to thank you for your letter of the 9th current and regret that such a notable mistake was made by the young brother having charge of the goats. To assure you that the same mistake would be avoided by more personal supervision of the matter next time would be superfluous since the goat problem for us no, longer, happily, exists.

May I have directions as to how we proceed in the mat-ter of collecting for the goats which were sent by us to Golden Lake? Should we require a receipt from Indian agent Ruddy as to the number of goats received from us and then work on the price offered by the Department?

If it is not too late may we offer you all good wishes of success in this work, and invite you to visit us whenever the occasion may offer?

Ottawa, August 20, 1946.

EX'D.

Dear Father Olivert

Your letter of August 17, addressed to Col. Neary, has been referred to me for reply.

It will be in order to forward us an account covering reimbursement for twenty-five goats shipped to Mr. H. P. Ruddy, Indian Agent at Golden Lake. It is noted that this flock was made up of thirteen nannies, four - one-year-old billies, and eight - four-months' old billies. The latter were later cas'trated and will be issued as 'goat meat' to the Indians during the coming winter. This information is passed on to you because we feel that we should not be called upon to pay full price for a four-months' old buck which is going to be turned into ration meat.

Yours very truly,

G. Armstrong,
Welfare Division.

EXD.

Dear Mr. Armstrong;

I am forwarding the double copies of vouchers to the Secretary today for the price of the goats shipped to Golden Lake. I presume this is the way to do it, since I did not see how we could bill the Welfare Department directly.

Since the young billies are destined for ration meat and since as you say the full price should not naturally be charged, what do you say to one quarter the price of the ordinary goats? If this is not suitable then the bill may be changed and suit your requirements. I presume that since the mistake was made regarding the goat for Blue Quills we have not the right to charge for it and will not put it on the bill. Hoping that all this is satisfactory.

Yours very truly

Col. Bernard F. Neary,

Department of Citizenship & Immigration,
OTTAWA, Ontario.

This will advise that I have been approached with a request for assistance towards an improvement of a dairy herd at the Blue Quills Indian Residential School. The dairy herd at this school is not an asset in this line as they are more of a beef variety. The Reverend Principal is prepared to sell the milking class in this herd with a view of obtaining ten or twelve head of good milk stock. The proceeds for the sale of this stock will by no means cover the cost of the good milk strain required and the request was therefore being made to assist in covering the balance required.

It is felt that approximately $3000.00 will be required to make the total purchase. Of this, $1,000.00 will be covered from the sale of the present stock and the Reverend Principal is prepared to put up $1,000.00, which leaves a balance of $1,000.00. I advised Father Rollande, principal of the school, that I was not aware of this information but felt if any assistance was granted that it would have to be covered in estimates.

May I please be advised what action should be taken in this regards. It is my opinion that a better class of dairy cattle would be obtained with the least possible delay and any information or assistance will be greatly appreciated. There is a dairy breeders meeting being held in St. Paul on July 15, 1950 and an answer to this letter by that time would give us fact on which to make further inquiries.

Re: Blue Quills Residential School
Your File 118-6-7

We have your letter of the 27th instant with reference to the request received from the Principal of the above school for an amount of $1,000.00 to assist him in buying cattle.

It is not the general policy of the Department to provide cattle at a residential school except when the school is first opened. When the Blue Quills Residential School was opened in 1932, a number of milking cows were purchased by the Department.

In view of our present policy, I regret that favourable consideration cannot be given to the Principal's request.

Honourable Sir:

x x x

With regards the requisition for the farm, I have asked for six working horses; at present there are here five horses, of which two are 18 years old. As to milking cows, I have applied for 10; the 10 cows here at the present are also getting old and soon will have to be slaughtered for beef.

You will notice that there is also a list for the shop, mostly of tools required for repairs to house or of farm equipment; and this will prove a great economy to the institution as our engineer can thereby attend to any urgent and necessary repairs.

Rev. Jos. Angin.
